BHM Capital and KIRA Sign Strategic MoU to Strengthen Synergies and Expand Growth Opportunities in Financial Markets

Dubai, United Arab Emirates – 23 November 2026:

BHM Capital Financial Services PSC, the leading financial institution in the capital markets of the United Arab Emirates, has announced the signing of a strategic Memorandum of Understanding (MoU) with KIRA Financial Brokers LLC, a leading financial institution specialising in FX and commodities brokerage and multi-asset trading across global markets, and licensed by the UAE Capital Market Authority (CMA). The MoU aims to leverage the combined expertise and capabilities of both institutions to develop their businesses and unlock new opportunities for growth and expansion across the financial services and investment sector.

The partnership brings together BHM Capital's established presence in local and international capital markets and KIRA's expertise in FX and commodity trading. By combining their complementary strengths, both institutions aim to enhance their competitive capabilities, reach broader segments of investors and capitalise on growth opportunities across financial markets.

Under the MoU, the two companies will explore cooperation in business development, expanding their client bases, sharing expertise and leveraging their technological and operational infrastructure, alongside opportunities to further develop financial services. The collaboration is intended to support both institutions' expansion strategies and deliver additional value to their investors.

Commenting on the agreement, Abdel Hadi Al Sadi, Chief Executive Officer of BHM Capital, said:

"Our partnership with KIRA reflects our strategic approach to continued expansion and building institutional alliances founded on complementary capabilities and expertise, creating new avenues for growth and business development. We see this collaboration as an opportunity to combine our established presence in the equities and MM instruments trading with KIRA's expertise in FX and commodity trading, strengthening our ability to broaden the range of our services and products and reach new segments of investors. We believe that strategic partnerships are fundamental to enhancing the competitiveness of financial institutions, and we look forward to translating this collaboration into commercial opportunities that generate sustainable value for both companies and their clients."

Ashu Khurana, Chief Executive Officer of KIRA Financial Brokers, added:

"Markets don't wait, and investors have the right to act when an opportunity arises. That's the conviction behind our partnership with BHM Capital.

At KIRA, we have built a trading platform that combines speed of execution with the depth and precision of its trading tools. BHM has spent nearly two decades earning the trust of investors in UAE equity markets. Today, our partnership brings these two areas of expertise together, so our clients have vast variety of opportunities to choose from and seize the opportunities as they emerge.

This is just the beginning. Our ambition goes beyond keeping pace with the industry: we aim to help shape its future and raise the bar for what investors in this region can expect from us. With BHM Capital alongside us, we are moving towards that goal faster than ever before."

The agreement reflects both institutions' commitment to building long-term strategic partnerships, expanding their product offerings to provide integrated services to clients and investors, and leveraging their specialised expertise and complementary capabilities to strengthen their presence in financial markets, in line with the continued development of the UAE's financial services and investment sector.
