Revenue increased 12% YoY, in line with our estimates

BinDawood reported 3Q26 revenue of SAR 1,716mn (+12% YoY and +4% QoQ), in line with our estimates. Growth was driven by new grocery store openings, higher distribution sales, and contributions from newly acquired food manufacturing businesses, partly offset by weaker pharmacy sales due to changes in the Wasfaty program. For 9M26, revenue rose 11% YoY to SAR 5,171mn.

Net profit declined 15% YoY on higher finance costs

The company reported 3Q26 net profit of SAR 36mn (-15% YoY and -28% QoQ), above our estimates. Operating profit rose 20% YoY, but higher finance costs from acquisitions and leases, along with a larger share of profit to minority interests, weighed on earnings. For 9M26, net profit fell 3% YoY to SAR 155mn.

U-Capital view

We expect BinDawood's growth to be driven by its expanding network of 108 supermarkets and 210 pharmacies, and by contributions from recent acquisitions in food manufacturing and distribution. As these acquisitions are integrated and finance costs stabilize, profitability should improve. We maintain a Hold rating on the stock with a target price of SAR 4.68/share.
