Independent auditors' report on review of condensed consolidated interim financial information

To the Board of Directors of
Khaleeji Bank B.S.C.
Kingdom of Bahrain

Introduction

We have reviewed the accompanying 30 September 2026 condensed consolidated interim financial information of Khaleeji Bank B.S.C. (the "Bank") and its subsidiaries (together the "Group"), which comprises:

- the condensed consolidated statement of financial position as at 30 September 2026;
- the condensed consolidated statement of income for the three-month and for nine-month periods ended 30 September 2026;
- the condensed consolidated statement of comprehensive income for the three-month and for nine-month periods ended 30 September 2026;
- the condensed consolidated statement of income and attribution related to quasi-equity for the three-month and for nine-periods ended 30 September 2026;
- the condensed consolidated statement of changes in owners' equity for the nine-month period ended 30 September 2026;
- the condensed consolidated statement of cash flows for the nine-month period ended 30 September 2026;
- the condensed consolidated statement of changes in off-balance sheet assets under management for the nine-month period ended 30 September 2026; and
- notes to the condensed consolidated interim financial information.

The Board of Directors of the Bank is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with FAS 41, "Interim Financial Reporting". Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Auditing standards for Islamic Financial Institutions and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 September 2026 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with FAS 41, "Interim Financial Reporting".

1 REPORTING ENTITY

Khaleeji Bank B.S.C. (the “Bank”), a public shareholding company, was incorporated on 24 November 2004 in the Kingdom of Bahrain under Commercial Registration No. 55133. The Bank operates under an Islamic retail license granted by the Central Bank of Bahrain (“CBB”). The Bank’s shares are listed on the Bahrain Bourse.

82.95% (31 December 2025: 82.95%) of the ordinary shares of the Bank are held by GFH Bank B.S.C. (formerly known as GFH Financial Group B.S.C.) (the “Parent”), a Bahraini incorporated investment bank operating under an Islamic wholesale banking license issued by the Central Bank of Bahrain (“CBB”) and whose shares are listed on Bahrain Bourse, Boursa Kuwait, Dubai Financial Market (“DFM”) and Abu Dhabi Securities Exchange (“ADX").

The condensed consolidated interim financial information comprises results of the Bank and its subsidiaries (together the “Group”).

2 BASIS OF PREPARATION AND PRESENTATION

The condensed consolidated interim financial information of the Group has been prepared in accordance with Financial Accounting Standard FAS 41, Interim Financial Reporting (“FAS 41”) issued by the Accounting and Auditing Organisation of Islamic Financial Institutions (“AAOIFI”).

The condensed consolidated interim financial information of the Group does not contain all information and disclosures required for the annual consolidated financial statements and should be read in conjunction with the Group’s audited annual consolidated financial statements for the year ended 31 December 2025. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group’s financial position and performance since the last annual consolidated financial statements as at and for the year ended 31 December 2025.

The condensed consolidated financial information are presented in Bahraini Dinars, being the functional and presentation currency of the Bank, rounded to the nearest thousand [BD ‘000], except where otherwise indicated.

Comparatives

The condensed consolidated interim financial information is reviewed, not audited. The comparatives for the condensed consolidated statement of financial position have been extracted from the audited consolidated financial statements for the year ended 31 December 2025 and comparatives for the condensed consolidated statements of income, the condensed consolidated statement of income and attribution related to quasi-equity, the condensed consolidated statement of changes in off-balance sheet assets under management, changes in owners’ equity and cash flows, have been extracted from the reviewed condensed consolidated interim financial information for the nine months ended 30 September 2025.

3 SIGNIFICANT ACCOUNTING POLICIES

The accounting policies and methods of computation applied by the Group in the preparation of the condensed consolidated interim financial information are the same as those used in the preparation of the Group’s last audited consolidated financial statements as at and for the year ended 31 December 2025, except for adoption of accounting policy for sharia compliant derivative financial instruments and those arising from adoption of the standards and amendments to standards effective from 1 January 2026:

I. Adoption of accounting policy for sharia compliant derivative financial instruments

During the current period, the Bank entered into sharia compliant derivative financial instruments for the first time. Accordingly, the Bank has adopted an accounting policy for the recognition, measurement and presentation of derivative financial instruments in accordance with the applicable financial reporting framework.

Sharia compliant derivative financial instruments
Sharia compliant derivative financial instruments ("Derivative financial instruments") are contracts, the value of which is derived from one or more underlying financial instruments or indices, and include profit rate swaps and total return swaps.

Derivative financial instruments are recognised in the consolidated statement of financial position at fair value. Fair values are derived from prevailing market prices, discounted cash flow models or option pricing models as appropriate.

In the consolidated statement of financial position, derivative financial instruments with positive fair values (unrealised gains) are included in other assets and derivative financial instruments with negative fair values (unrealised losses) are included in other liabilities.

The changes in the fair values of derivative financial instruments entered into for trading purposes are recognised in fees and other income.

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

II. Relevant new standards, amendments, and interpretations effective for annual periods beginning on or after 1 January 2026

1) FAS 45: Quasi-Equity (Including Investment Accounts)

AAOIFI has issued Financial Accounting Standard (FAS) 45 "Quasi-Equity (Including Investment Accounts)" during 2023. The objective of this standard is to establish the principles for identifying, measuring, and presenting "quasi-equity" instruments in the financial statements of Islamic Financial Institutions “IFIs”.

The standard prescribes the principles of financial reporting to participatory investment instruments (including investment accounts) in which an IFI controls underlying assets (mostly, as working partner), on behalf of the stakeholders other than owner’s equity. This standard provides the overall criteria for on-balance sheet accounting for participatory investment instruments and quasi-equity, as well as, pooling, recognition, derecognition, measurement, presentation and disclosure for quasi-equity.

This standard is effective for the financial reporting periods beginning on or after 1 January 2026.
The Group did not have a significant impact on the adoption of this standard.

2) FAS 46: Off-Balance-Sheet Assets Under Management

AAOIFI has issued Financial Accounting Standard (“FAS”) 46 "Off-Balance-Sheet Assets Under Management" during 2023. The objective of this standard is to establish principles and rules for recognition, measurement, disclosure, and derecognition of off-balance-sheet assets under management, based on Shari’a and international best practices. The standard aims to improve transparency, comparability, accountability, and governance of financial reporting related to off-balance-sheet assets under management.

This standard is applicable to all IFIs with fiduciary responsibilities over asset(s) without control, except for the following:
The participants’ Takaful fund and / or participants’ investment fund of a Takaful institution; and an investment fund managed by an institution, being a separate legal entity, which is subject to financial reporting in line with the requirements of the respective AAOIFI FAS.

This standard is effective for the financial reporting periods beginning on or after 1 January 2026.
The Group did not have any significant impact on the adoption of this standard.

3) FAS 47: Transfer of Assets Between Investment Pools

AAOIFI has issued Financial Accounting Standard (“FAS”) 47 "Transfer of Assets between Investment Pools" during 2023. The objective of this standard is to establish guidance on the accounting treatment and disclosures for transfers of assets between investment pools that are managed by the same institution or its related parties. The standard applies to transfers of assets that are not part of a business combination, a disposal of a business, or a restructuring of an institution.

The standard defines an investment pool as a group of assets that are managed together to achieve a common investment objective, such as a fund, a portfolio, or a trust. The standard also defines a transfer of assets as a transaction or event that results in a change in the legal ownership or economic substance of the assets, such as a sale, a contribution, a distribution, or a reclassification.

The transfer of assets between investment pools should be accounted for based on the substance of the transaction and the terms and conditions of the transfer agreement. The standard classifies transfers of assets into three categories: transfers at fair value, transfers at carrying amount, and transfers at other than fair value or carrying amount. The standard also specifies the disclosure requirements for transfers of assets between investment pools.

This standard is effective for the financial periods beginning on or after 1 January 2026.
The Group did not have any significant impact on the adoption of this standard.

4) FAS 48: Promotional Gifts and Prizes

This standard prescribes accounting and financial reporting requirements applicable to promotional gifts and prizes awarded by the Islamic financial institutions. The standard categorizes them into a) Promotional gifts where entitlement to gifts is declared instantly; b) Promotional Prizes, that are announced in advance to be awarded at a future date and c) Loyalty Programs, where the obligation is accumulated over the period.

This standard is effective for the financial periods beginning on or after 1 January 2026.
The Group did not have a significant impact on the adoption of this standard.

3 SIGNIFICANT ACCOUNTING POLICIES (Continued)

III. Relevant new standards, amendments, and interpretations issued but not yet effective

1) FAS 50 - Financial reporting for Islamic Investment institutions (including investment funds)

This standard replaces FAS 14 – Investment Funds and updates the financial reporting framework for Islamic investment institutions.
Key enhancements include alignment with revised FAS 1 and the AAOIFI Conceptual Framework, removal of the separate statement of portfolio investments (now included in the notes), elimination of the cash equivalent value concept, and introduction of quasi equity accounting principles.

The standard also provides guidance for Islamic investment institutions (IIIs) with multiple virtual entities or sub funds, introduces requirements on NAV differential, removes earlier governance and stakeholder reporting requirements, and grants exemptions from consolidation or equity accounting based on the unique business model and investment intent of the III.
This standard is effective for the financial periods beginning on or after 1 January 2027, with an option to early adopt.
The Group does not expect any significant impact on the adoption of this standard.

2) FAS 51 - Participatory Ventures

FAS 51 replaces FAS 3 (Mudaraba Financing) and FAS 4 (Musharaka Financing), it provides guidance for accounting in the books of the working partner and the venture. The scope of this standard is expanded to include additional venture types, for example, Running Musharaka, Diminishing Musharaka and restricted Mudaraba.

This standard is effective for the financial periods beginning on or after 1 January 2027, with an option to early adopt.
The Group does not expect any significant impact on the adoption of this standard.

3) FAS 52 - Deferred Delivery Sales: Salam and Istisna

FAS 52 replaces FAS 7 “Salam and Parallel Salam” and FAS 10 “Istisna’a and Parallel Istisna’a”. This standard introduces guidance for accounting in the book of buyers and sellers including the treatment of parallel Salam and Istisna. This standard is aligned with the requirements of FAS 30 “Impairment, credit losses and onerous commitments”.
This standard is effective for the financial periods beginning on or after 1 January 2027, with an option to early adopt.
The Group does not expect any significant impact on the adoption of this standard.

4) Withdrawal of FAS 26 – Investment in Real Estate and Related Transitional Provisions

AAOIFI issued a guidance relating to withdrawal of FAS 26 – Investment in Real Estate and related transitional provisions (“Guidance”). Following the withdrawal, investment in real estate shall be accounted for in accordance with IAS 40– Investment property.
This guidance is effective for the periods beginning on or after 1 January 2027 and with an option to early adopt.
The Group is assessing the impact of adopting this standard; however, no material impact is currently anticipated.

4 FINANCIAL RISK MANAGEMENT

The Group’s financial risk management objectives and policies are consistent with those disclosed in the Group’s last audited consolidated financial statements for the year ended 31 December 2025, except for the matter disclosed in note 5.

5 SIGNIFICANT ACCOUNTING ESTIMATES AND JUDGEMENTS

The geopolitical situation in the Middle East has continued to evolve during the period, resulting in a heightened level of uncertainty in the economic environment across the region, including the Kingdom of Bahrain. The Group continues to closely monitor developments and maintains appropriate business continuity and risk management measures to mitigate the potential impact of any disruption on its operations, customers and financial performance. The Group also continues to assess the potential business and credit implications arising from these conditions, together with the effect of any support or relief measures introduced by regional governments and central banks.

The measurement of expected credit losses ("ECL") requires the application of significant judgement and the use of assumptions and estimates, in particular in relation to the assessment of significant increases in credit risk, the incorporation of forward-looking information, and the selection and weighting of forward-looking macroeconomic scenarios.

During the period, the Group updated the forward-looking macroeconomic factors, economic forecasts and assumptions incorporated within its ECL models to reflect the latest available economic information and prevailing market conditions. The Group considered a range of plausible economic outcomes and incorporated the impact of increased volatility in forward-looking macroeconomic factors when assessing the probability weighting, severity and likelihood of the economic scenarios applied within the impairment models.

The scenario weightings applied by the Group were as follows:

Scenario	30 September 2026	31 December 2025	30 September 2025
Best	5%	15%	15%
Base	70%	70%	70%
Worst	25%	15%	15%

Management also evaluated whether the modelled outcomes appropriately reflected prevailing and emerging credit risks across the Group's portfolios. The macroeconomic variables reassessed as part of this update included Bahrain and GCC gross domestic product growth, crude oil price assumptions, benchmark profit rate expectations, inflation forecasts and real estate market indicators, together with other economic factors considered relevant to the credit performance of the Group's financing and investment portfolios. In addition to the assumptions outlined above, the Group has given specific consideration to the relevant impact of these disruptions on the qualitative and quantitative factors when determining the significant increase in credit risk and assessing the indicators of impairment for the exposures in potentially affected sectors. This has resulted in recognition of relevant ECLs and impairment allowances.

Assessment of the carrying values of assets

As of 30 September 2026, management performed an assessment of the carrying values of the Group’s financial and nonfinancial assets, including financing contracts, investments in sukuk and other yielding investments, investment in securities and investment in real estate, for any indicators of impairment or the need for valuation adjustments arising from the current geopolitical environment. Based on the information available at the reporting date, management concluded that the carrying values of these assets remain appropriate and no additional adjustments were required in this condensed consolidated interim financial information.

The Group also considered management overlays to address model limitations and portfolio-specific risk characteristics that were not fully captured within the underlying modelled outcomes. The reported ECL allowance represents management's best estimate at the reporting date, based on reasonable and supportable information available as at 30 September 2026. The economic environment remains subject to uncertainty, and the Group will continue to monitor developments and reassess the impact of changing macroeconomic conditions, portfolio performance and emerging risks on its ECL estimates in future reporting periods.

6 SEASONALITY

The Bank does not have significant income of a seasonal nature. However, given the inherent nature of the banking business and changes in market benchmark rates, the results reported in one period may not be directly comparable to those of other periods.

7 INVESTMENT IN SUKUK AND OTHER YIELDING INVESTMENTS

	30 September 2026 BD '000 (Reviewed)	31 December 2025 BD '000 (Audited)
Debt type instruments - at amortised cost		
- Quoted sukuk[1]	277,452	232,210
- Unquoted sukuk	1,317	1,317
- Other quoted yielding investments[1, 3]	249,081	85,700
Less: impairment allowance	(1,840)	(1,796)
Debt type instruments - at fair value through other comprehensive income		
- Quoted sukuk[1, 2]	180,902	196,732
- Other quoted yielding investments[1, 2, 3]	22,945	25,287
Debt type instruments - at fair value through statement of income		
- Other unquoted yielding investments	23,221	-
Equity type instruments - at fair value through other comprehensive income		
- Quoted sukuk	29,149	29,149
	782,227	568,599

1. As of 30 September 2026, out of quoted sukuk and other quoted yielding investments of BD 730,380 thousand (31 December 2025: BD 539,929 thousand), BD 692,139 thousand (31 December 2025: BD 396,735 thousand) were pledged against term financing of BD 525,236 thousand (31 December 2025: BD 310,174 thousand).

2. Fair value loss reserve amounted to BD 22,236 thousand (31 December 2025: BD 4,635 thousand). The impairment expense on debt type instrument at fair value through other comprehensive income amounted to BD Nil thousand (30 September 2025: BD Nil thousand). The impairment expenses are recognised in the investment fair value reserve in the statement of changes in owners' equity.

3. Related to structured investments with exposure to sovereign entities.

8 FINANCING CONTRACTS

	30 September 2026 BD '000 (Reviewed)	31 December 2025 BD '000 (Audited)
Murabaha (net of deferred profit)*	564,487	522,737
Ijarah assets	296,449	324,213

Development property*	9,292	9,223
Investment property**	28,495	36,710
	37,787	45,933

* Includes Bank's share in real estate properties with carrying value of BD 1,958 thousand (31 December 2025: BD 1,852 thousand) for which the title deeds are registered in the name of a third party and are held in custody on behalf of the Bank for it's beneficial interest.

** Includes Bank's share in real estate properties with carrying value of BD 17,977 thousand (31 December 2025: BD 26,000 thousand) for which the title deeds are registered in the name of a third party and are held in custody on behalf of the Bank for it's beneficial interest.

11 EQUITY ACCOUNTED INVESTEES

	30 September 2026 BD '000 (Reviewed)	31 December 2025 BD '000 (Audited)
At beginning of the period	6,948	6,516
Share of result for the period	4	432
At end of the period	**6,952**	6,948

12 OTHER ASSETS

	30 September 2026 BD '000 (Reviewed)	31 December 2025 BD '000 (Audited)
Repossessed assets	1,608	1,794
Profit accrued on sukuk and other yielding investments	6,478	6,479
Receivable from customers*	9,703	10,703
Right-of-use assets (note 12.1)	872	1,280
Prepaid expenses	840	897
Due from investments	412	409
Sharia-compliant derivative asset (note 12.2)	11,815	-
Other receivables	12,098	1,681
	43,826	23,243

*Pertains to receivables from customers of BD 4,600 thousand (31 December 2025: BD 4,600 thousand) upon the in-kind settlement of stage 3 financing exposures. The process of transfer of the collateral real estate was not completed as at 30 September 2026. However, beneficial interest has been transferred to the Bank. As at 30 September 2026, the Group has taken a provision against those receivables in the amount of BD 1,619 thousand (31 December 2025: BD 1,310 thousand).

12 OTHER ASSETS (continued)

12.1 Below are further details related to the right-of-use assets:

	30 September 2026 BD '000 (Reviewed)	31 December 2025 BD '000 (Audited)
Balance as at beginning of the period	1,280	1,069
Additional right-of-use assets for the period, net	-	627
Amortisation charge during the period	(408)	(416)
Balance as at end of the period	**872**	1,280

12.2 During the period, the Bank has entered into back-to-back sharia compliant total return swap "(TRS)" arrangements with a customer. The arrangements comprise a TRS with a notional amount of BD 75.4 million and a fair value liability of BD 11.8 million, together with an offsetting TRS with a notional amount of BD 37.7 million and a corresponding fair value asset of BD 11.8 million as at 30 September 2026. Accordingly, the fair value asset and liability positions are economically offsetting.

13 OTHER LIABILITIES

	30 September 2026 BD '000 (Reviewed)	31 December 2025 BD '000 (Audited)
Payable to investors	5,478	5,478
Mudaraba profit accrual	5,156	6,103
Net Ijarah liability (note 13.1)	461	766
Advance received from customers	205	274
Zakah and charity payable*	1,103	1,155
Employee related accruals	483	2,187
Payable for Istisna'a contracts	27	27
Sharia-compliant derivative liability (note 12.2)	11,815	-
Other payables and accrued expenses**	9,821	12,684
	34,549	28,674

*During the period ended 30 September 2026, BD 38 thousand (2025: BD 834 thousand) was transferred into the Zakah and charity fund and BD 90 thousand (2025: BD 267 thousand) was utilised from the Zakah and charity fund.

**Includes impairment allowance on commitments and financial guarantees of BD 19 thousand (31 December 2025: BD 28 thousand).

13.1 The breakup of the Net Ijarah liability per maturity analysis is as follows:

Maturity analysis	**30 September 2026** (Reviewed)		
	Gross ijarah liability BD '000	Deferred ijarah BD '000	Net ijarah liability BD '000
Less than one year	354	(4)	350
One to five years	115	(4)	111
Total	**469**	**(8)**	**461**

Financial guarantees	45,576	40,026
	122,541	104,888

* The Group has a right to revoke the undrawn commitment to extend finance prior to expiry of its tenor.

During the period, a net impairment reversal of BD 9 thousand (2025: BD 41 thousand) has been reflected in relation to the credit risk on these commitments and contingent liabilities.

16 COMMITMENTS AND CONTINGENCIES (continued)

Litigations and claims

In the normal course of business, legal cases are filed by the Bank against its customers and against the Bank by its customers or investors. The Group's legal department engages with in-house legal counsel and external legal counsel depending on the nature of the cases. A periodic assessment is carried out to determine the likely outcome of these legal cases and is reported to the senior management and Board of directors.

20 EARNINGS PER SHARE

Basic earnings per share is calculated by dividing the profit for the period attributable to the shareholders of the Bank by the weighted average number of shares outstanding during the period net of treasury shares. There are no dilutive potential shares that are convertible into shares.

	Nine months ended		Three months ended	
	30 September 2026 BD '000 (Reviewed)	30 September 2025 BD '000 (Reviewed)	**30 September 2026 BD '000** (Reviewed)	30 September 2025 BD '000 (Reviewed)
Profit for the period attributable to the shareholders of the Bank	1,577	8,008	1,173	2,394
Profit for the period attributable to the shareholders of the bank for basic and diluted earnings per share computation	1,577	8,008	1,173	2,394
Weighted average number of shares outstanding during the period, net of treasury shares (thousand)	1,089,718	1,084,884	1,092,708	1,085,354
Basic and diluted earnings per share (fils)	**1.45**	7.38	**1.07**	2.21

21 a Appropriations of net profit, if any, are made only after obtaining approval of the shareholders.

21 b The shareholders, in their General Assembly meeting on 12 March 2026 resolved to declare dividends on all ordinary shares, excluding treasury shares, at a rate of 6% of the nominal value of the share, equivalent to 6 Fils per share, totaling BD 6,512 thousand which was effected during the period ended 30 September 2026.

22 FUNDS UNDER MANAGEMENT

The Group provides corporate administration, investment management and advisory services to its investment entities, which involves making decisions on behalf of such entities. Assets that are held in such capacity are not included in these condensed consolidated interim financial information. No income or expenses have been recognized from the funds under management during the period. At the reporting date, the Group had Funds under management with a net asset value of BD 67,187 thousand (31 December 2025 BD 67,187 thousand).

23 SIGNIFICANT RELATED PARTY TRANSACTIONS

25 FINANCIAL INSTRUMENTS

a) *Fair value*

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of quoted sukuk and other yielding investments carried at amortised cost amounted to BD 482,740 thousand as at 30 September 2026 (31 December 2025: BD 312,334 thousand), compared to their carrying value, net of expected credit loss allowance, of BD 526,010 thousand (31 December 2025: BD 317,431 thousand).

The estimated fair values of the Group's other financial instruments are not significantly different from their carrying values due to their short-term nature.

b) *Fair value hierarchy*

The table below analyses the financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

30 September 2026 (Reviewed)	**Level 1 BD '000**	**Level 2 BD '000**	**Level 3 BD '000**	**Total BD '000**
Financial assets measured at fair value				
Debt-type sukuk and other yielding investment at fair value through other comprehensive income	155,992	47,855	-	**203,847**

Equity-type securities carried at fair value through other comprehensive income	-	-	17,196	**17,196**
Fair value of sharia compliant derivatives	-	11,815	-	**11,815**
Financial liabilities measured at fair value				
Fair value of sharia compliant derivatives	-	(11,815)	-	**(11,815)**
	155,992	**77,004**	**40,417**	**273,413**

25 FINANCIAL INSTRUMENTS (Continued)
b) Fair value hierarchy (Continued)

31 December 2025 (Audited)	Level 1 BD '000	Level 2 BD '000	Level 3 BD '000	Total BD '000
Financial assets measured at fair value				
Debt-type sukuk at fair value through other comprehensive income	170,578	51,441	-	222,019
Equity-type sukuk at fair value through other comprehensive income	-	29,149	-	29,149
Equity-type securities carried at fair value through other comprehensive income	-	-	17,453	17,453
	170,578	80,590	17,453	268,621

The following table analyses the movement in Level 3 financial assets during the nine month period ended 30 September 2026:

	30 September 2026 BD '000 (Reviewed)	30 September 2025 BD '000 (Reviewed)
At 1 January	17,453	20,895
Addition	23,221	-
Reversal of impairment	-	940
Disposal	(222)	-
Movement in investment fair value reserve	-	957
Other movements	(35)	7
As at 30 September	**40,417**	22,799

During the nine month period ended 30 September 2026 and 30 September 2025, there were no transfers between Level 1 and Level 2 fair value measurements.

c) *Instruments not measured at fair value*

Other financial instruments

Placements with financial institutions and placements from financial institutions are for short term tenure hence their carrying value is not different from the fair value. Placements from non-financial institutions and individuals which are not short term are re-priced at regular intervals hence carrying value approximates its fair value. Fair value of other financial assets and liabilities are not significantly different from their carrying values due to their short term nature.

26 REGULATORY RATIOS

a. Net Stable Funding Ratio (NSFR)

The objective of the NSFR is to promote the resilience of Banks' liquidity risk profiles and to incentivize a more resilient banking sector over a longer time horizon. The NSFR limits overreliance on short-term wholesale funding, encourages better assessment of funding risk across all on-balance sheet and off-balance sheet items, and promotes funding stability. NSFR as a percentage is calculated as "Available stable funding" divided by "Required stable funding".

The Consolidated NSFR calculated as per the requirements of the CBB rulebook, as of 30 September 2026 is as follows:

Item	Unweighted Values (i.e. before applying relevant factors)				Total weighted value
	No specified maturity	Less than 6 months	More than 6 months and less than one year	Over one year	
	BD '000	BD '000	BD '000	BD '000	BD '000

27 SIGNIFICANT EVENTS

CBB measures

On 14 April 2026, the Central Bank of Bahrain introduced a number of support measures for the economy and the banking sector, including liquidity lines to retail banks against eligible securities, repayment deferrals of up to three months for eligible financing customers, extension of repurchase operation maturities, a reduction in the required cash reserve ratio, and a lowering of the minimum LCR and NSFR thresholds applicable to banks.

The Group continues to monitor these developments and is assessing the extent to which these measures may have an impact on its condensed consolidated interim financial information.

28 GLOBAL MINIMUM TAX

Khaleeji Bank B.S.C (the "Bank") is part of a multinational enterprise (“MNE”) group whose Parent, GFH Bank (the “Parent” or “Group”), is domiciled and operates in the Kingdom of Bahrain. The tax authorities in the Kingdom of Bahrain have issued and enacted Decree Law No. (11) of 2024 (‘Bahrain DMTT law’) on 1 September 2024 introducing a domestic minimum top-up tax (“DMTT”) of up to 15% on the taxable income of the Bahrain resident entities of the MNE group for fiscal years commencing on or after 1 January 2025.

As per the Parent’s assessment of applicability of the DMTT law, it has assessed and concluded that it is in scope for the Bahrain DMTT law or the OECD Global Anti-Base Erosion Pillar Two Model Rules (‘GloBE rules’) for financial year 2026. The reason for this conclusion is that the Group had a total annual consolidated revenue exceeding EUR 750 million in the last two of the four preceding fiscal years; therefore, DMTT is applicable on GFH Bank from the period starting 1 January 2026 and as such the Bank and its subsidiaries domiciled in Bahrain were registered with the National Bureau of Revenue ("NBR").

As at 30 September 2026, the Group is still assessing and has not finalized its position on DMTT recharge arrangement back to its components. Consequently, the accounting treatment and allocation of DMTT charge, if any, within the Group is still not finalized. As such, no DMTT tax expense has been recognized by the Bank as at 30 September 2026, pending completion of the Group's assessment and the formalization of the intercompany rechargeability arrangements.
