Board of Directors' Report to the shareholders
for the nine months period ended 30 September 2026

On behalf of EMSTEEL Building Materials PJSC's Board of Directors ("EMSTEEL", the "Company" or the "Group"), I am pleased to present the Board of Directors' report for the nine months period ended 30 September 2026, together with the interim condensed consolidated financial statements for the period.

Strong financial performance in a volatile environment

EMSTEEL Building Materials PJSC is the leading and largest UAE integrated Steel and Building Materials (Cement and Blocks) Company. The Company has a compelling strategic proposition and strong potential for growth both in the UAE and internationally.

The Group delivered strong financial performance during the first nine months of 2026 despite regional developments since 28 February 2026. During the third quarter of 2026, geopolitical developments in certain parts of the Middle East continued to evolve. Although regional uncertainties remained, market conditions generally stabilized compared with the heightened volatility experienced during the first and second quarter of 2026. The adverse impact of higher logistics costs and lower exports during the period was partially offset by operational excellence and tight cost management.

As the UAE's national industrial champion, EMSTEEL continues to prioritize market stability, supply continuity, and support for national projects. This position reflects the company's long-term commitment to the UAE economy and its role in strengthening industrial resilience.

The Group is well placed to scale and grow, create new business opportunities and ensure that homegrown manufacturers are at the forefront of driving a sustainable, diversified national economy.

Financial performance in the nine months period ended 30 September 2026

The Group's revenue in the first nine months of 2026 was AED 7,047 million compared to AED 6,469 million in the same period in 2025. The Group's operating profit for the period was AED 832 million, compared to AED 364 million in the first nine months of 2025.

Review of operations

- **Emirates Steel**

Revenue from Emirates Steel totalled AED 6,240 million for the first nine months of 2026 against AED 5,817 million in the equivalent period in 2025. Operating profit for the Steel Division for the first nine months of 2026 was AED 640 million as compared to AED 249 million for the same period in 2025. The level of profitability delivered demonstrates the operational efficiencies, cost management and current market conditions.

- **Emirates Cement and Blocks**

Revenue from the Cement and Blocks division was AED 807 million for the first nine months of 2026, compared to AED 519 million in the equivalent period in 2025. Operating profit for this segment for the first nine months of 2026 was AED 192 million as compared to AED 84 million for the same period in 2025.

The Group disposed of non-core Anabeeb division, comprising the PVC Pipes, GRP Pipes and Bags business units on 31 December 2025 which reported revenue and operating profits of AED 133 million and AED 31 million, respectively, in first nine months of 2025.

Board of Directors' Report to the shareholders (continued)
for the nine months period ended 30 September 2026

Liquidity

The Group held cash and cash equivalents of AED 1,782 million as of 30 September 2026 (31 December 2025: AED 1,165 million).

Taxation

The provision of AED 75 million (2025: AED 27 million) for taxation in the nine months period reflects an effective tax rate of 9.12% (2025: 8.77%).

Total assets and shareholders' equity

The total assets of the Group equalled AED 12,166 million at 30 September 2026 (31 December 2025: AED 11,177 million). The value of shareholders' equity was at AED 9,994 million as of 30 September 2026 compared to AED 9,244 million as of 31 December 2025.

REPORT ON REVIEW OF

INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF

EMSTEEL BUILDING MATERIALS PJSC

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of EMSTEEL Building Materials PJSC (the "Company") and its subsidiaries (together referred to as the "Group") as at 30 September 2026 which comprise the interim condensed consolidated statement of financial position as at 30 September 2026, and the related interim condensed consolidated statements of profit or loss and comprehensive income for the three months and nine months periods then ended and the related interim condensed consolidated statements of changes in equity and cash flows for the nine months period then ended, and explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard IAS 34, *Interim Financial Reporting* ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

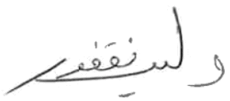

Scope of review

We conducted our review in accordance with International Standards on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34, "*Interim Financial Reporting*".

Notes to the Interim Condensed Consolidated Financial Statements
for the nine months period ended 30 September 2026

1. General information

EMSTEEL Building Materials PJSC ("EMSTEEL" or the "Company") was incorporated in Abu Dhabi, United Arab Emirates ("UAE") as a Public Joint Stock Company pursuant to Ministerial Resolution No. 228 for the year 2006.

General Holding Corporation PJSC ("SENAAT" or the "Parent Company") owned 51% of the Company's shares; this ownership interest was increased to 87.5% on 6 October 2021 as a result of the sale of its 100% interest in the issued share capital of Emirates Steel Industries PJSC to the Company for the issue of 5.1 billion additional EMSTEEL ordinary shares. The ultimate parent company of EMSTEEL is L'IMAD Holding Company PJSC ("L'IMAD") which is wholly owned by the Government of Abu Dhabi.

The principal activities of the Group include operating, trading and investing in industrial projects and commercial companies involved in the steel and building materials sectors.

These interim condensed consolidated financial statements include the performance and financial position of the Company and its subsidiaries (collectively referred to as the "Group").

The interim condensed consolidated financial statements were approved by the Board of Directors and authorised for issue on 11 November 2026.

2. New Standards, Interpretations and Amendments adopted by the Group

2.1 New and amended standards issued and effective

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2025, except for the adoption of the following amendments effective as of 1 January 2026. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

- Amendments to IFRS 9 and IFRS 7 regarding the classification and measurement of financial instruments;
- Annual Improvements to IFRS Accounting Standards — Volume 11. The pronouncement comprises the following amendments:
  - IFRS 1: Hedge accounting by a first-time adopter;
  - IFRS 7: Gain or loss on derecognition;
  - IFRS 7: Disclosure of deferred difference between fair value and transaction price;
  - IFRS 7: Introduction and credit risk disclosures;
  - IFRS 9: Lessee derecognition of lease liabilities;
  - IFRS 9: Transaction price;
  - IFRS 10: Determination of a 'de facto agent'; and
  - IAS 7: Cost method;
- Amendments to IFRS 9 and IFRS 7 – Contracts Referencing Nature-dependent Electricity.

These amendments had no significant impact on the interim condensed consolidated financial statements of the Group.

2. New Standards, Interpretations and Amendments adopted by the Group (continued)

2.2 New and amended standards issued but not yet effective

The new and amended standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Group's interim condensed consolidated financial statements are disclosed below. The Group intends to adopt these new and amended standards and interpretations, if applicable, when they become effective.

- IFRS 18 Presentation and Disclosures in Financial Statements (effective from 1 January 2027);
- IFRS 19 Subsidiaries without Public Accountability: Disclosures (effective from 1 January 2027);
- Amendments to IAS 21 Translation to a Hyperinflationary Presentation Currency (effective from 1 January 2027)
- Amendments to IFRS 10 and IAS 28 regarding Sale or Contribution of Assets between an investor and its associate or joint venture (effective date not yet decided);
- Amendments to Illustrative Examples on IFRS 7, IFRS 18, IAS 1, IAS 8, IAS 36 and IAS 37 (effective date not yet decided)

The Group does not expect that the adoption of these new and amended standards and interpretations, other than IFRS 18, will have a material impact on its interim condensed consolidated financial statements. The Group is currently assessing the impact that IFRS 18 will have on the interim condensed consolidated financial statements and the related notes.

There are no other applicable new standards and amendments, published standards or IFRIC interpretations that have been issued that would be expected to have a material impact on the interim condensed consolidated financial statements of the Group.

3. Basis of preparation and Group's material accounting policies

Basis of preparation

Statement of compliance

The interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard (IAS) 34 Interim Financial Reporting issued by the International Accounting Standards Board (IASB).

These interim condensed consolidated financial statements do not include all of the information and disclosures required for full annual consolidated financial statements and should be read in conjunction with the Group's audited consolidated financial statements for the year ended 31 December 2025. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual consolidated financial statements. In addition, results for the nine months period ended 30 September 2026 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2026.

3. Basis of preparation and Group's material accounting policies (continued)

Basis of preparation (continued)
Basis of measurement
These interim condensed consolidated financial statements have been prepared under the historical cost basis.

Functional and presentation currency
These interim condensed consolidated financial statements are presented in 'United Arab Emirates Dirham' (AED), which is the Group's functional and presentation currency. All values are rounded to the nearest thousand (AED'000), except when otherwise indicated.

Basis of consolidation
The interim condensed consolidated financial statements of the Group comprise the financial information of the Company and its subsidiaries.

Control is achieved when the Group is exposed or has rights to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its return.

When the Group has less than a majority of the voting or similar right of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements; and
- The Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the period are included in the interim condensed consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.
A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

3. Basis of preparation and Group's material accounting policies (continued)

Basis of consolidation (continued)
When the Group loses control of a subsidiary, a gain or loss is recognised in profit or loss and is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets and liabilities of the subsidiary and any non-controlling interests. All amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities of the subsidiary (i.e. reclassified to profit or loss or transferred to another category of equity as specified/permitted by applicable IFRSs). The fair value of any investment retained in the former subsidiary at the date when control is lost is regarded as the fair value on initial recognition for subsequent accounting under IFRS 9, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Details of the Company's subsidiaries/divisions as at 30 September 2026 and 31 December 2025 were as follows:

Name of subsidiary/division	Country of incorporation	Proportion of ownership interest and voting held by the Group		Principal activity
		30 September 2026	31 December 2025	
Emirates Steel Industries PJSC [1]	UAE	**100%**	100%	Production and sale of long-steel products
Emirates Blocks Factory [2]	UAE	**100%**	100%	Production and sale of cement block
Emirates Cement Factory[2,3]	UAE	**100%**	100%	Production and sale of packed and bulk cement
Al Ain Cement Factory[2]	UAE	**100%**	100%	Production and sale of packed and bulk cement

[1] Emirates Steel Industries PJSC ("Emirates Steel") was acquired on 6 October 2021 from a related party for the issue of 5,100,000,000 ordinary shares.

[2] These subsidiaries are all operating divisions of the Company.

[3] The operations of Emirates Cement Factory were discontinued in December 2016 and the division is currently not operational.

4. Critical judgements and key sources of estimation uncertainty

Changes in judgements and estimation uncertainty
The preparation of the interim condensed consolidated financial statements in conformity with the IFRS Accounting Standards as issued by the International Accounting Standards Board (IASB) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of financial assets and liabilities and the disclosure of contingent liabilities. These judgments, estimates and assumptions also affect the revenue, expenses, and provisions as well as fair value changes. Actual results may differ from these estimates.

4. Critical judgements and key sources of estimation uncertainty (continued)

Changes in judgements and estimation uncertainty (continued)
These judgments, estimates and assumptions may affect the reported amounts in subsequent financial years. Estimates and judgments are currently evaluated and are based on historical experience and other factors.

The critical judgements and estimates used in the preparation of these interim condensed consolidated financial statements are consistent with those used in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2025.

5. Property, plant and equipment

During the nine months period ended 30 September 2026, the Group purchased assets at a cost of AED 323,170 thousand (30 September 2025: AED 301,349 thousand).

The depreciation charge for the period amounted to AED 459,651 thousand (30 September 2025: AED 437,509 thousand).

6. Investment property

No acquisitions or disposals were made to the Group's investment property during the period (30 September 2025: none). The depreciation charge for the period amounted to AED 535 thousand (30 September 2025: AED 531 thousand).

7. Intangible assets

During the nine months period ended 30 September 2026, the Group acquired intangible assets with a cost of AED 18,723 thousand (30 September 2025: AED 22,330 thousand). The amortisation charge for the period amounted to AED 18,257 thousand (30 September 2025: amortisation charge of AED 15,315 thousand).

11. Related parties

In the ordinary course of business, the Group enters into transactions at agreed terms and conditions which are carried out on commercially agreed terms, with other business enterprises or individuals that fall within the definition of a related party contained in International Accounting Standard 24 (IAS 24). Related parties comprise shareholders, directors, key management staff and business entities in which they have the ability to control or exercise significant influence in financial and operating decisions.

The Government of Abu Dhabi indirectly owns 87.5% (31 December 2025: 87.5%) of the Company's outstanding shares. The Group has elected to use the exemption under IAS 24 for government related entities on disclosing transactions and related outstanding balances with government related entities owned by the Government of Abu Dhabi other than the Parent Company and entities it owns and controls. The Group's significant transactions with the Government of Abu Dhabi and other entities controlled, jointly controlled or significantly influenced by the Government of Abu Dhabi are a large portion of its direct cost, lease rental payments and interest payments on certain facilities.

The Group also has at 30 September 2026 cash balances with banks under the common control of the Government of Abu Dhabi, lease liabilities with and payables to Government municipalities and payables to a distribution company owned by the Government of Abu Dhabi.

Balances with these related parties generally arise from commercial transactions on agreed terms.

Balances with financial institutions under the common control of the Government of Abu Dhabi are as follows:

17. Segment reporting

The Group has two (30 September 2025: three) reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different products and services and are managed separately because they require different technologies and marketing strategies. For each of the strategic business units, the Board of Directors reviews internal management reports on at least a quarterly basis.

The following summary describes the operations in each of the Group's reportable segments:

- Steel - the manufacture and distribution of long-steel products;
- Cement and Blocks - the production and sale of cement, concrete blocks and dry mortar; and,
- Pipes and others - the division was disposed-of in 2025.

Information regarding the results of each reportable segment is included below. Performance is measured on segment profit as included in the internal management reports that are reviewed by the Group's CEO and the Board of Directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

Fair value

The Group's management considers that the carrying amount of financial assets and financial liabilities approximates their fair value.

21. Geopolitical impact

During the third quarter of 2026, geopolitical developments in certain parts of the Middle East continued to evolve, with regional tensions and uncertainties remaining elevated. These developments continued to contribute to volatility in the global energy and commodity markets and disruptions to certain regional shipping and trade routes. Despite these uncertainties, governments and regulatory authorities across the region continued to emphasize economic resilience, financial stability, and the continuity of business activities, supported by established business continuity and risk management frameworks.

Management has assessed the potential impact of these developments on the Group's operations, financial position and financial performance, with particular focus on supply chain continuity, availability and cost of materials, liquidity, market conditions and the recoverability of assets. Based on the information available at the reporting date, management has not identified any material adverse impact on the Group's operations or its ability to meet customer commitments. While certain input raw material and logistics costs continue to be subject to market volatility and geopolitical developments, the Group continues to maintain appropriate measures to manage these risks and preserve operational resilience. Management continues to closely monitor geopolitical developments and their potential impact on the Group's business, and will implement additional mitigating actions, where considered necessary.

Management has also assessed the appropriateness of the going concern basis of preparation in light of these developments and concluded that the use of the going concern basis remains appropriate. Furthermore, based on the assessment performed at the reporting date, management has not identified any indicators of impairment that would require the recognition of impairment losses in these interim condensed consolidated financial statements.
