Press Release

Ghitha Holding Surpasses AED 5 Billion in Revenue in 9M 2026, Marking 27% Year-on-Year Growth

- **Gross profit rose 9% YoY to AED 962.2 million in 9M 2026**
- **Q3 revenue grew 23% YoY to AED 1.7 billion**
- **Signed a strategic MoU with Amazon to support UAE fresh produce**

Abu Dhabi, UAE – 28 October 2026: Ghitha Holding PJSC ("Ghitha" or the "Group"; ADX: Ghitha), a diversified conglomerate spanning agriculture, food production, and distribution, and a subsidiary of 2PointZero, announced its consolidated financial results for the nine-month period ended 30 September 2026. Reported revenue reached AED 5.1 billion year-to-date, representing a 27% year-on-year (YoY) increase that reflects the continued expansion of the Group's diversified operations.

The Group generated gross profit of AED 962.2 million during the nine-month period, up 9% YoY from AED 880.1 million. Third-quarter revenue reached AED 1.7 billion, an increase of 23% compared to Q3 2025, while gross profit stood at AED 296.0 million, compared to AED 280.7 million in the prior-year period, reflecting the Group's higher revenue base.

Falal Ameen, CEO of Ghitha Holding, said: "Our performance during the first nine months of 2026 reflects the continued expansion of Ghitha's diversified food and agriculture platform, with revenue exceeding AED 5 billion and sustained double-digit growth in the third quarter. We remain focused on strengthening integration across our businesses, enhancing our capabilities and advancing strategic initiatives that support our long-term growth ambitions. As we move into the final quarter of the year, our priorities remain centred on building a more connected and scalable platform, creating sustainable value and contributing to the UAE's food security objectives."

During the third quarter, Ghitha Holding signed a strategic Memorandum of Understanding (MoU) with Amazon to explore a new seasonal fresh produce initiative aimed at connecting UAE farms more directly with consumers. The collaboration seeks to combine Ghitha's agricultural expertise and infrastructure with Amazon's customer demand insights to inform crop selection and enable the delivery of locally grown produce through Amazon Now. The agreement also includes plans to explore the development of a packhouse and distribution centre at Food Tech Valley in Dubai, alongside expanding the availability of Ghitha's local brands on Amazon Now.

The partnership builds on Ghitha's existing presence across the food value chain, with products from subsidiaries including Al Ain Farms, Marmum Dairy Farm, Arabian Farms, Al Jazira Poultry Farm and NRTC already available through Amazon Now.

Elsewhere, Ghitha continued to build on the strategic initiatives announced earlier in the year, including NRTC's acquisition of Taaza and the agreement between Al Ain Farms Group and NRTC Group to establish Al Ain Taaza, a locally integrated fresh juice platform. These initiatives complement the Group's broader priorities across fresh produce sourcing, processing, and distribution.

As the year draws to a close, Ghitha will prioritise the performance and development of its existing businesses while evaluating opportunities that complement its portfolio. The Group's strategic direction remains centred on building capabilities across essential food categories, supporting the evolution of the UAE's food ecosystem and delivering long-term value to shareholders.

---End---
