INDEPENDENT AUDITOR'S REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

To the Shareholders
Saudi Cable Company
(Subject to Financial Restructuring Procedure)
(A Saudi Joint Stock Company)
Jeddah, Kingdom of Saudi Arabia

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Saudi Cable Company(Subject to Financial Restructuring Procedure) ("the Company") and its subsidiaries (together "the Group's") as of September 30, 2026,and the condensed consolidated interim statements of profit or loss and other comprehensive income for the three-month and nine-month periods then ended, and the condensed consolidated interim statements of changes in equity and cash flows for the nine-month period then ended, and other explanatory notes.

The Group's management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard (34) "Interim Financial Reporting" (IAS 34) that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

we conducted our review in accordance with the international standard on review engagements (ISA 2410), "Review of Interim Financial Information Performed by the Independents Auditor of the Entity" that is endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information are not prepared, in all material respects, in accordance with (IAS 34), as endorsed in the Kingdom of Saudi Arabia.

Material Uncertainty Related to Going Concern

We draw attention to Note (1) to the condensed consolidated interim financial statements, which indicates that the Group generated a net income of SAR 44.3 million for the period ended 30 September 2026 (30 September 2025: net profit of SAR 102 million) and accumulated losses reached SAR 227 million, representing 340% of the Group's share capital as of 30 September 2026 (31 December 2025: SAR 271.4 million, representing 407% of the Group's share capital). Furthermore, the Group's current liabilities exceeded its current assets by SAR 671.4 million as of 30 September 2026 (31 December 2025: SAR 666.5 million). These events or conditions, along with other matters, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern and its ability to meet its obligations as they become due.

In this regard, management has prepared forecasts for 2026 that indicate net profit. The plan includes certain assumptions related to cash injections through the issuance of rights issue instruments, as well as revenue growth based on future orders and tenders, these elements represent future events and therefore involve material uncertainty regarding their outcome. Our opinion has not been modified in respect of this matter.

INDEPENDENT AUDITOR'S REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Emphasis of Matter

We draw attention to Note (27) to the financial statements, which indicates that on August 26, 2026, a judgment was issued by the Fifth Circuit of the Court of Appeal in Riyadh, setting aside the judgment of the Fourth Circuit of the Commercial Court in Jeddah regarding the termination of the Financial Restructuring Procedure (FRP) for Saudi Cable Company, and rejecting the request for termination. Consequently, the Company has returned to operating under the Financial Restructuring Procedure. Our opinion is not modified in respect of this matter.

a) All subsidiaries and equity accounted investees have the same year-end as the Parent Company.
b) The Group decided on Shabaan 22, 1445H, corresponding to March 3, 2024, to exit of its investments in Turkey, by disposing of them by sale or in any other way as permitted by Turkish law. As these companies did not achieve the desired returns and continued to achieve losses during the past years despite the solutions and treatments carried out by successive administrations to no avail and strengthening the opinion of local and international legal advisors to support the exiting decision.

Going concern

The condensed consolidated interim financial statements, which indicates that the Group generated a net income of SAR 44.3 million for the period ended 30 September 2026 (30 September 2025: net profit of SAR 102 million) and accumulated losses reached SAR 227 million, representing 340% of the Group's share capital as of 30 September 2026 (31 December 2025: SAR 271.4 million, representing 407% of the Group's share capital). Furthermore, the Group's current liabilities exceeded its current assets by SAR 671.4 million as of 30 September 2026 (31 December 2025: SAR 666.5 million). These events or conditions, along with other matters, indicate that material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern and its ability to meet its obligations as they become due

The Group's management has performed a going concern assessment, which assumes that cash will likely be injected through a rights issue, revenue growth based on future orders and proposals, and the alignment of its cash flows with financial restructuring procedures. Management concludes that the going concern assumption is appropriate, and accordingly, the condensed consolidated interim financial statements have been prepared on a going concern basis.

Geopolitical Developments

The Group continues to monitor regional geopolitical developments and related supply chain conditions. During the period, certain disruptions to regional transportation networks resulted in inflationary pressures on transportation and logistics costs. The Group undertook appropriate operational measures, including the use of alternative transportation routes where necessary, to maintain continuity of supply and operations.

Climate Change and Environmental Sustainability

The Group is exposed to both short-term and long-term risks associated with climate change, which are inherent to its manufacturing and industrial operations. These risks include increased regulatory requirements, rising energy costs, and potential disruptions to supply chains and production processes.

Climate-related factors may also indirectly affect the Group through supply chain dependencies, including the availability and cost of raw materials (such as copper and aluminum), which can be influenced by environmental regulations, resource scarcity, and global climate conditions.

1. ORGANIZATION AND PRINCIPAL ACTIVITIES (CONTINUED)

Climate Change and Environmental Sustainability (continued)

In response, the Group is progressively integrating sustainability considerations into its operations and strategic planning. This includes initiatives aimed at improving energy efficiency across production facilities, optimizing resource utilization, and reducing waste generation. The Group is also exploring opportunities to incorporate renewable energy sources, enhance recycling practices, and improve environmental compliance in line with applicable regulations within the Kingdom of Saudi Arabia.

The Group remains committed to strengthening its environmental governance and monitoring emerging climate-related risks to ensure operational resilience and long-term sustainability.

2. BASIS OF PREPARATION

Statement of compliance

The interim condensed consolidated financial statements of the Group have been prepared in accordance with International Financial Reporting Standards "IFRS" that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are endorsed by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

These interim condensed consolidated financial statements do not include all of the information required for full annual consolidated financial statements and should be read in conjunction with the Group's annual consolidated financial statements for the year ended December 31, 2025.

Basis of measurement

These interim condensed consolidated financial statements have been prepared under the historical cost basis using the accrual basis of accounting and the going concern concept except for the measurement at fair value of derivative financial instruments and Investment classified as fair value through other comprehensive income (FVOCI).

Preparation of interim condensed consolidated financial statements

The preparation of interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates. The significant judgments, estimates and assumptions were consistent with the Group's annual consolidated financial statements for the year ended December 31, 2025.

Functional and presentation currency

These interim condensed consolidated financial statements are presented in Saudi Arabian Riyals ("SAR") which is the Group's functional and presentation currency.

Material accounting policies

The accounting policies adopted by the Group for the preparation of these interim condensed consolidated financial statements are consistent with those followed in preparation of the Group's annual consolidated financial statement for the year ended December 31, 2025.

Significant accounting judgements, estimates and assumptions

The preparation of the Group's interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities and accompanying disclosures.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period, were disclosed in annual consolidated financial statements for the year ended December 31, 2025.

3. BASIS OF CONSOLIDATION

These interim-condensed consolidated financial statements comprise the financial statements of the Company and its subsidiaries as set out in note 1. The financial statements of the subsidiaries are prepared for the same reporting period as that of the parent Company.

Subsidiaries

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. To meet the definition of control, all the following three criteria must be met:

i) The Group has power over an entity;
ii) The Group has exposure, or rights, to variable returns from its involvement with the entity; and
iii) The Group has the ability to use its power over the entity to affect the amount of the entity's returns.

The Group re-assesses whether or not it controls an investee in case facts and circumstances indicate that there are changes to one or more of the criteria of control.

Subsidiaries are consolidated from the date on which control commences until the date on which control ceases. The results of subsidiaries acquired or disposed of during the period, if any, are included in the interim condensed consolidated statement of profit or loss and other comprehensive income from the date of the acquisition or up to the date of disposal, as appropriate.

Non-controlling interests

Non-controlling interests represent the portion of net profit (loss) and net assets of subsidiaries not owned, directly or indirectly, by the Group in its subsidiaries and are presented separately in the interim condensed consolidated statement of profit of loss and other comprehensive income and within equity in the interim condensed consolidated statement of financial position, separately from the Group's equity. Any losses applicable to the non-controlling interests in a subsidiary are allocated to the non-controlling interests even if doing so causes the non-controlling interests to have a deficit balance. Changes in the Group's interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

Transactions eliminated on consolidation

Balances between the Group entities, and any unrealized income and expenses arising from intragroup transactions, are eliminated in preparing the interim condensed consolidated financial statements. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment.

Investment in associates and jointly controlled entities

The Group's interest in equity-accounted investee comprises interest in a joint venture and investments in associates.

Associates are entities over which the Group exercises significant influence. Investments in associates are initially recognized at cost and subsequently accounted for under the equity method of accounting and are carried in the interim condensed consolidated statement of financial position at the lower of the equity-accounted value or the recoverable amount.

A joint venture is an arrangement in which the Group has joint control whereby the Group has rights to the net assets of the arrangement, rather than rights to its assets and obligations for its liabilities.

Equity-accounted value represents the cost plus post-acquisition changes in the Group's share of net assets of the associate (share of the results, reserves and accumulated gains / (losses) based on the latest available financial information) less impairment, if any.

3. BASIS OF CONSOLIDATION (CONTINUED)

Investment in associates and jointly controlled entities (continued)

After application of the equity method, the Group determines whether it is necessary to recognize an additional impairment loss on its investment in its associates. The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognizes the amount in 'share in net profit / (loss) of an associate' in the interim condensed consolidated statement of profit or loss and other comprehensive income.

The previously recognized impairment loss in respect of investment in associate can be reversed through the interim condensed consolidated statement of profit or loss and other comprehensive income, such that the carrying amount of the investment in the interim condensed consolidated statement of financial position remains at the lower of the equity-accounted (before allowance for impairment) or the recoverable amount.

Unrealized gains and losses on transactions between the Group and its associates are eliminated to the extent of the Group's interest in the associates.

4. SUMMARY OF CHANGES IN MATERIAL ACCOUNTING POLICES DUE TO NEW STANDARDS

a) **New and revised standards with no material effect on the condensed consolidated interim financial**

The following revised IFRSs have been adopted. The application of these revised IFRSs did not have any material

- Classification and Measurement of Financial Instruments - Amendments to IFRS 9 Financial Instruments and IFRS 7.
  Financial Instruments: Disclosures effective for annual periods beginning on or after 1 January 2026;
- Annual Improvements to IFRS Accounting Standards, effective for annual periods beginning on or after 1 January 2026 - Amendments to:
  - IFRS 1 First-time Adoption of International Financial Reporting Standards;
  - IFRS 7 Financial Instruments: Disclosures and its accompanying Guidance on implementing IFRS 7
  - IFRS 9 Financial Instruments;

New standards, amendments and interpretations

- IFRS 10 Consolidated Financial Statements; and
- IAS 7 Statement of Cash flows

b) New and revised standards issued but not yet effective

The amendments to existing standards that are issued, but not yet effective, up to the date of issuance of the Group's condensed consolidated interim financial statements are disclosed below. The Group intends to adopt these amendments to existing standards, if applicable, when they become effective:

- IFRS 19 Subsidiaries without Public Accountability: Disclosures, effective for annual periods beginning on or after 1 January 2027; and
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture - Amendments to IFRS 10 and IAS 28, effective date deferred indefinitely.
- IFRS 18 Presentation and Disclosure in Financial Statements, effective for annual periods beginning on or after 1 January 2027.

4. SUMMARY OF CHANGES IN MATERIAL ACCOUNTING POLICIES DUE TO NEW STANDARDS (CONTINUED)

b) New and revised standards issued but not yet effective (continued)

IFRS 18 Presentation and Disclosure in Financial Statements will replace IAS 1 Presentation of Financial Statements and applies for annual reporting periods beginning on or after 1 January 2027. The Group has not early adopted the new accounting standard in preparing these interim financial statements; however, earlier application is permitted.

The Group is in the process of assessing the estimated impact that the initial application of IFRS 18 will have on its consolidated financial statements.

a) Statement of Profit or Loss

IFRS 18 requires all income and expenses to be classified into five categories: operating, investing, financing, Zakat and income tax, and discontinued operations, based on the entity's main business activities.

The Group's main business activities comprise the manufacturing, supply, and execution of contracts for electrical cables, telecommunication cables, and related products. The Group has concluded that its main business activities do not involve investing in assets or providing financing to customers.

Under the standard, the Group will present new subtotals in the statement of profit or loss, namely:

- Operating profit or loss; and
- Profit or loss before financing and Zakat and income tax.

The operating profit or loss subtotal is expected to differ from the currently presented operating result due to the reclassification of certain items between different categories, as detailed below:

- **Investing activities:**

The Group’s share of results from the associate, Midal Cables Company B.S.C. (Closed)—which is currently presented below the operating result—will be classified within the investing category in accordance with the standard's requirements. This item is material, as it represents one of the key drivers impacting the Group's profitability.

- **Financing activities:**

Finance costs, in addition to the interest cost arising from the unwinding/discounting of employee benefit obligations (currently included within employee costs), as well as finance charges related to lease liabilities, will be classified within the financing category.

- **Operating activities:**

Net other income, reversal of allowance for net assets of subsidiaries, and foreign exchange gains/losses resulting from operating activities (such as trade receivables and payables) will be reclassified to be categorized under the operating category. Conversely, foreign exchange differences related to financing facilities and loans will be classified within the financing category.

- **Zakat and Income Tax Item:**

Zakat and income tax will be presented within a separate category after the subtotal "Profit or loss before financing and Zakat and income tax" and the financing category, in compliance with the requirements of the standard.

The application of IFRS 18 is not expected to result in any change to the recognized Zakat and income tax expense amount, as the impact of the standard is limited to presentation and disclosure, and does not extend to recognition or measurement.

Furthermore, in July 2026, the International Accounting Standards Board (IASB) issued an exposure draft proposing to allow taxes or other levies that are in lieu of income tax—such as Zakat in the Kingdom of Saudi Arabia—to be classified within the income tax category. Given that the Group is subject to both Zakat and income tax, it monitors developments related to this proposal and will reflect on any resulting amendments once the final requirements are issued and become effective.

4. SUMMARY OF CHANGES IN MATERIAL ACCOUNTING POLICIES DUE TO NEW STANDARDS (CONTINUED)
b) New and revised standards issued but not yet effective (continued)

- **Discontinued Operations:**

The presentation of the Group's results from discontinued operations (represented by its investments in Turkey) will continue to be presented within a separate category in the statement of profit or loss.
Additionally, the Group's share of items of other comprehensive income of the associate, which includes movements in the hedging reserve and foreign currency translation reserve, as well as the remeasurement of employee benefit obligations—will continue to be presented within the statement of other comprehensive income.

b) Management-defined performance measures
IFRS 18 defines Management-defined Performance Measures (MPMs) as subtotals of income and expenses used in public communications outside financial statements, that reflect management's view of an aspect of the financial performance of the Group as a whole and are not subtotals specified by IFRS 18 or explicitly required by IFRS Accounting Standards.
As of the date of preparation of these condensed consolidated interim financial statements, the Group has not completed its review of relevant public communications to identify whether there are any performance measures that qualify as Management-defined Performance Measures under the requirements of the standard.

c) Aggregation and Disaggregation of Information:
IFRS 18 introduces enhanced principles for the aggregation and disaggregation of information based on the shared or differing characteristics of items.
The Group is currently reviewing items presented under generic labels, such as "Other income", "Other receivables", "Other payables", and "Other" within general and administrative expenses and selling and distribution expenses, with the objective of using more descriptive labels or providing a higher level of detail in the notes to the financial statements.
Since the Group presents its expenses by function, it will also provide the new mandatory disclosure requiring the disclosure of specified expenses by nature. These include depreciation, amortization, employee benefits, impairment losses on financial assets, and write-downs of inventories to net realizable value, along with an explanation of how these expenses are allocated across line items presented by function.

d) Consequential Amendments to IAS 7 Statement of Cash Flows
When using the indirect method, the starting line item used in reconciling cash flows from operating activities will change from "Profit for the period before Zakat, income tax, and discontinued operations" to the subtotal "Operating profit or loss".
Additionally, cash flows related to interest paid will be classified under financing activities (instead of operating activities as currently practiced), while dividends received from the associate will continue to be classified under investing activities. Dividends paid, if there are any, will also be classified under financing activities.
The impact of applying IFRS 18 is expected to be limited to the presentation of the Group's financial performance and cash flows, without having any impact on net profit, earnings per share (EPS), total equity, or net cash flows.
The main expected impact consists of changes to the components of operating profit or loss and the representation of the reconciliation of cash flows from operating activities.
This assessment is preliminary as the Group continues to complete its analysis, including determining the quantitative impact of reclassifying comparative information that will be presented upon initial application of the standard. Accordingly, the final impact may differ from the assessment set out above.

5. EARNINGS PER SHARE

Earnings per share for the three and nine-month periods ending September 30, 2026, were calculated by dividing the Net income for each period by weighted average number of shares outstanding during the period.

14. DISCONTINUED OPERATION AND ASSETS CLASSIFIED HELD FOR SALE

14-1 Discontinued operation

The Board of Directors of the Group decided on 22 Shabaan 1445H, corresponding to March 3, 2024, to exit its investments in Turkey, by disposing of them by sale or in any other way as permitted by Turkish law. As these companies did not achieve the desired returns and continued to achieve losses during the past years despite the solutions and treatments carried out by successive administrations to no avail supported by the opinions of local and international legal advisors endorsing the exit decision

On June 5, 2024, the court in Turkey issued a ruling subjecting Almasan Saglik Cihazlari ve Elektromekanik San. ve Tic. A.S. and Almasan Metalurji ve Makine San. ve Tic. A.S. to liquidation. Subsequently, the assets were put up for public auction, and the auction procedures commenced on June 11, 2026. Given that these events are beyond the Company's control, management decided to continue classifying these investments as discontinued operations.

27. SIGNIFICANT EVENTS

The significant events during the period refereeing to our announcement on Tadawul:
On March 2, 2026, the Parent Company received a notification from the Zakat, Tax and Customs Authority (ZATCA) regarding the VAT assessment results for the years 2021 and 2022. The assessment included a total tax balance/demand of SAR 8,430,354.77. The Company is reviewing the assessment to take the necessary statutory legal actions in accordance with the applicable laws and regulations.

On March 11, 2026, the Company received an amount of SAR 44,078,256 as compensation for expropriated land located in Jeddah, with a total area of 48,900 square meters, under the Jeddah Slum Demolition and Redevelopment Project. The Company had previously addressed the State Properties General Authority on October 19, 2022, requesting financial compensation for the land expropriation. On the same date the compensation was received, the Company paid the first installment of the non-interest-bearing loan (soft loan) provided by Mr. Ibrahim Al-Rajhi, amounting to SAR 44,078,256.

On March 11, 2026, the Board of Directors passed a resolution amending the offering price for the proposed rights issue shares valued at SAR 400,000,000, representing 12,500,000 shares, to an offer price of SAR 32 per share. An amount of SAR 10 per share represents the nominal value, while SAR 22 represents the share premium.

On Safar 07, 1448H (corresponding to July 21, 2026), the Company signed a Shariah-compliant credit facility agreement (Commodity Murabaha Financing) with the Saudi Investment Bank (SAIB) amounting to SAR 20 million. The facility agreement expires on May 31, 2027, and may be renewed upon a written agreement signed by both parties to fund and support strategic operational plans.

Guarantees provided against the financing:

First: Promissory notes provided by each of:

Mr. Turki bin Ibrahim bin Mansour Al-Rajhi (Non-Executive Board Member).
Eng. Fares bin Mansour bin Muhammad Al-Rajhi (Executive Board Member).

Second: Assignment of future dividend distribution proceeds payable to Saudi Cable Company from Midal Cables to the Saudi Investment Bank as collateral in the event of default on the due amount, up to the limit of the credit facility value.

On August 26, 2026, a court hearing was held at the Fifth Circuit of the Court of Appeal in Riyadh regarding the appeal filed by Tathmeer Investment Company and Rawafid Al-Mustaqbal Company against the judgment terminating the Financial Restructuring Procedure (FRP) of Saudi Cable Company. The Court of Appeal issued a ruling setting aside the judgment of the Fourth Circuit of the Commercial Court in Jeddah and rejecting the request for termination. Accordingly, the Company has returned to operating under the Financial Restructuring Procedure (FRP). The Company confirms that it has settled all approved claims in the list of creditors, with the exception of 35 creditors totaling SAR 2,247,000 due to non-responsiveness, while completing the restructuring of government debts. Furthermore, the Company does not recognize the claims of the two objectors due to existing regulatory and contractual violations.
