INDEPENDENT AUDITOR'S REVIEW REPORT ON THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF AL DAWAA MEDICAL SERVICES COMPANY (A SAUDI JOINT STOCK COMPANY)

Introduction

We have reviewed the accompanying condensed consolidated statement of financial position of Al Dawaa Medical Services Company (A Saudi Joint Stock Company) (the "Parent Company") and its subsidiaries (collectively referred to as the "Group") as at 30 September 2026, and the related condensed consolidated statements of profit or loss and comprehensive income for the three-month and nine-month periods then ended, and the related condensed consolidated statement of cash flows and changes in equity for the nine-month period then ended, and explanatory notes. Management is responsible for the preparation and presentation of these condensed consolidated interim financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these condensed consolidated interim financial statements based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed consolidated interim financial statements are not prepared in all material respects, in accordance with IAS 34 as endorsed in Kingdom of Saudi Arabia.

Other matter

The consolidated financial statements of the Group for the year ended 31 December 2025 were audited by another auditor who expressed an unmodified opinion on the consolidated financial statements on 11 May 2026, corresponding to 24 Thul-Qi'dah 1447H. Further, the condensed consolidated interim financial statements for the three-month and nine-month periods ended 30 September 2025 were reviewed by another auditor who expressed an unmodified conclusion on the condensed consolidated interim financial statements on 9 November 2025, corresponding to 18 Jamadi ul Awal 1447H.

h) Modawaa and Rieaya Medical Company Limited

During the year ended 31 December 2024, the Group in partnership with Mouwasat Medical Services Company established Modawaa and Rieaya Medical Company Limited ("Modawaa") as a limited liability company within Kingdom of Saudi Arabia, against which 49% of equity share (of equivalent amount) were issued. Modawaa is principally engaged in medical clinic activities. The Group has significant influence over Modawaa and classified it as investment in associate.

1.1.1 The assets, liabilities and operations of these subsidiaries liquidated during the period ended 30 September 2026 are not material to the Group's condensed consolidated interim financial statements.

2 BASIS OF PREPARATION AND ACCOUNTING POLICIES

2.1 Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34 "Interim Financial Reporting" (IAS 34) that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements that are issued by Saudi Organization for Chartered and Professional Accountants ("SOCPA").

The condensed consolidated interim financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2025 ("last annual consolidated financial statements"). However, changes in accounting policies, if any and selected explanatory notes are included to explain events and transactions that are significant to understanding of the changes in the Group's consolidated financial position and performance since the last annual consolidated financial statements. The opening balances for comparatives used in these condensed consolidated interim financial statements have been taken from the restated comparative information presented in 2025 annual financial statements. The comparative condensed consolidated statement of profit or loss and condensed consolidated statement of comprehensive income have not been restated, as the impact of the prior-year errors is not material.

The results for the condensed consolidated interim financial statements for the period ended 30 September 2026 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2026.

2.2 Functional and presentation currency

These condensed consolidated interim financial statements are presented in Saudi Riyals ("﷼ or SR") which is the Company's functional and Group's presentation currency.

2.3 Basis of preparation

These condensed consolidated interim financial statements are prepared under the historical cost convention, using the accruals basis of accounting. Employees' benefits are measured at present value of the defined benefit obligation using the projected unit credit method and equity investments at FVOCI is measured at fair value.

2.4 Use of judgements and estimates

In preparing these condensed consolidated interim financial statements, management has made judgements and estimates that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those described in the last annual consolidated financial statements.

2 BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)

2.5 Material accounting policies

The accounting policies applied in these condensed consolidated interim financial statements are the same as those applied in the Group's consolidated financial statements as at and for the year ended 31 December 2025.

2.6 New standards, amendments and interpretations adopted by the Group

The accounting policies adopted in the preparation of the condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2025, except for the adoption of new standards effective as of 1 January 2026. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Classification and Measurement of Financial Instruments – Amendments to IFRS 9 and IFRS 7

In May 2024, the IASB issued Amendments to IFRS 9 and IFRS 7, Amendments to the Classification and Measurement of Financial Instruments (the Amendments). The Amendments include:

- Clarifications of the requirements for recognition and derecognition of financial assets and financial liabilities. In particular, a financial liability is derecognised on the 'settlement date' and an accounting policy choice is introduced (if specific conditions are met) to derecognise financial liabilities settled using an electronic payment system before the settlement date;
- Additional guidance on how the contractual cash flows for financial assets with environmental, social and corporate governance (ESG) and similar features should be assessed;
- Clarifications on what constitute 'non-recourse features' and what are the characteristics of contractually linked instruments;
- The introduction of disclosures for financial instruments with contingent features and additional disclosure requirements for equity instruments classified at fair value through other comprehensive income (OCI);

The amendments had no impact on the Group's condensed consolidated interim financial statements.

Annual Improvements to IFRS Accounting Standards – Volume 11

In July 2024, the IASB issued nine narrow scope amendments as part of its periodic maintenance of IFRS accounting standards. The amendments include clarifications, simplifications, corrections or changes to improve consistency in IFRS 1 First-time Adoption of International Financial Reporting Standards, IFRS 7 Financial instruments: Disclosure and its accompanying Guidance on implementing IFRS 7, IFRS 9 Financial Instruments, IFRS 10 Consolidated Financial Statements and IAS 7 Statements of Cash Flows.

The amendments had no impact on the Group's condensed consolidated interim financial statements.

Contracts Referencing Nature -dependent Electricity – Amendments to IFRS 9 and IFRS 7

In December 2024, the IASB issued Amendments to IFRS 9 and IFRS 7 - Contracts Referencing Nature-dependent Electricity. The amendments apply only to contracts that reference nature-dependent electricity, and they:

- Clarify the application of the 'own-use' requirements for in-scope contracts;
- Amend the designation requirements for a hedged item in a cash flow hedging relationship for in -scope contracts.
- Add new disclosure requirements to enable investors to understand the effect of these contracts on a company's financial performance and cash flows.

The amendments had no impact on Group's condensed consolidated interim financial statements.

2 BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)

2.6 New standards, amendments and interpretations (continued)

2.6.1 Expected impact of the initial application of IFRS 18

In April 2024, the International Accounting Standards Board ("IASB") issued IFRS 18 Presentation and Disclosure in Financial Statements, which replaces IAS 1 Presentation of Financial Statements and becomes effective for annual reporting periods beginning on or after 1 January 2027. The new standard introduces new requirements and updates to the statement of profit or loss, with the main objective of improving comparability in the statement of profit or loss and enhancing transparency over management-defined performance measures.

The key new concepts introduced by IFRS 18 include:

- A revised structure of the statement of profit or loss, requiring classification of income and expenses into 5 defined categories based on the entity's main business activities and presentation of mandatory subtotals;
- Enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes in general; and
- Required disclosures in the financial statements for certain profit or loss performance measures that are reported outside an entity's financial statements (that is, management-defined performance measures).

The Group is in the process of assessing the estimated impact that the initial application of IFRS 18 will have on its financial statements.

a) Structure of the Statement of Profit or Loss

The standard is expected to result in changes to the presentation of certain line items and subtotals in the statement of profit or loss namely operating, investing, financing, zakat/income tax and discontinued operations. This classification depends on the main business activities of the entity.

Based on the Group's preliminary assessment and the nature of its main business activities, performed to date, the Group expects changes to the current structure of Statement of Profit or Loss to result in:

- Bank charges previously reported within finance costs will be reclassified under operating expenses;
- Foreign exchange differences, previously included within finance costs, will be classified within the operating category arising from monetary assets and liabilities and investing category arising from cash and cash equivalents; and
- Share of results in equity- accounted investee, net of tax will be presented within the investing category of the consolidated statement of profit or loss, within the new subtotal of profit before financing and zakat.

b) Aggregation and disaggregation

The new aggregation and disaggregation requirements will lead into changes to present the most useful structured summary. The Group is assessing how items are aggregated and disaggregated in the primary financial statements and the notes on the basis of similar and dissimilar characteristics.

Certain profit or loss line items description, aggregations and subtotals may change to provide useful structured summaries and disclose additional material information in the notes. The Group is performing a detailed assessment to determine the appropriate classification of items. The Group expects significant changes in this regard especially as a result of reclassifying foreign exchange gains and losses within operating profit. The Group also expects expanded disclosure requirements relating to the aggregation and disaggregation of information.

The Group is also assessing line items currently labelled as "other" and will use more informative labels that describe the aggregated items as precisely as possible.

2 BASIS OF PREPARATION AND ACCOUNTING POLICIES (continued)

2.6 New standards, amendments and interpretations (continued)

2.6.1 Expected impact of the initial application of IFRS 18 (continued)

c) Management Performance Measures

Management-defined Performance Measures (MPMs) is a subtotal of income and expenses that an entity uses in public communication outside the financial statements that communicates management's view of an aspect of the financial performance of the entity as a whole. Where applicable, these measures may require quantitative reconciliation to IFRS-defined subtotals together with expanded explanatory disclosures.

The Group is assessing whether performance measures currently communicated to investors, analysts and other stakeholders, outside the Group's financial statements meet the definition of an MPM under IFRS 18.

Consequential amendments

The Group is also evaluating the consequential amendments arising from IFRS 18, including amendments to IAS 7 Statement of Cash Flows and IAS 34 Interim Financial Reporting.

The Group currently uses profit before zakat for the period as a starting point of the reconciliation to cash flows from operating activities. Certain adjusting items included in the reconciliation will change as a result of the new starting point.

The consequential amendments also provide specific guidance on the classification of interest and dividend cash flows. The Group will classify cash outflows from interest paid as financing activities rather than operating activities under IFRS 18. Cash flows from interest received and dividends paid will continue to be classified as investing and financing activities, respectively.

The Group's assessment remains ongoing and further refinements to the expected impact may arise as implementation activities progress and additional industry and regulatory guidance becomes available.

5.3 Status of assessments

Zakat assessments have been agreed and settled with the Zakat, Tax and Customs Authority ("ZATCA") up to 2023. Subsequent to the period end, the Group received an initial Zakat assessment for the year 2024 with an additional liability of SR 1,711. The zakat declarations for the year 2025 have been submitted and is currently under review by ZATCA.

Zakat base has been computed based on the Group's understanding of the Zakat regulations enforced in the Kingdom of Saudi Arabia. The assessments to be raised by the ZATCA could be different from the declarations filed by the Group.

6 BASIC AND DILUTED EARNINGS PER SHARE

Basic earnings per share amounts are calculated by dividing profit for the period attributable to ordinary shareholders of the Group by the weighted average number of ordinary shares outstanding during the period.

The following reflects the profit and share capital data used in the basic and diluted earnings per share computations:

Net book value at beginning of the period / year	**1,013,182,044**	1,058,812,752

7.1 During the period, management engaged an independent third-party expert to reassess the useful lives of furniture and fixtures, considering historical usage patterns, the physical condition of the assets, and expected future operational utilization. Based on this assessment, furniture and fixtures were sub-categorized into storage, system and shelves and, office furniture and interior fit-out, and other furniture and fixtures, effective 1 July 2026, the estimated useful lives were revised from 5 years to a range of 5 to 10 years. The revision in estimated useful lives is considered a change in accounting estimate and, accordingly, has been accounted for prospectively. Consequently, the depreciation charge for the three-month period ended 30 September 2026 decreased by SR 5.8 million compared with the depreciation charge that would have been recognized based on the previous estimated useful lives. Had the change in estimated useful lives not been made, profit for the period, retained earnings and property and equipment as at 30 September 2026 would have been lower by SR 5.8 million.

8 EQUITY INSTRUMENTS DESIGNATED AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME (FVOCI)

8.1 Equity instruments designated at FVOCI include investments in equity shares of a listed Company. During the period, the plan to sell the entire portfolio of equity instruments designated at FVOCI was approved by the Board of directors. Accordingly, the disposal of these shares is expected to be completed within one year. Consequently, the fair value of these investments has been reclassified to current assets in the condensed consolidated interim financial position. Further, the Group sold 2 million (2025: 0.056 million) of its shares during the period. The fair value on the date of disposal was SR 58.2 million (2025: SR 1.9 million) and the accumulated loss recognized in OCI of SR 8.4 million (2025: SR 484) was transferred to retained earnings.

Short-term loans	**691,021,111**	580,037,500
Bank overdrafts	**25,471,324**	-
At end of the period / year	**716,492,435**	580,037,500

Short term borrowings represent Murabaha, Tayseer, Tawarooq and Bank overdraft facilities obtained from various local banks to meet the working capital requirements with a total facility limit of SR 2,632 million (31 December 2025: SR 2,684 million). The balance of short term borrowings as of 30 September 2026 amounted to SR 716.5 million (31 December 2025: SR 580 million). These facilities carry financial costs in excess of SIBOR and are consistent with the terms of each facility agreement that are secured by promissory notes issued by the Group and carry charges agreed with the facilities' providers. Further, these facility agreements contain financial covenants which require the Group to maintain certain level of financial ratios such as leverage ratio, liquidity ratio, trading ratio, debt service coverage ratio and current ratio. As of 30 September 2026, the Group was in compliance with the loan covenants.

14 SEGMENT INFORMATION

A segment is a distinguishable component of the Group that is engaged in providing products or services (a business segment) or in providing products or services within a particular economic environment (a geographic segment), which is subject to risks and rewards that are different from those of other segments.

For management purposes, the Group is organised into business units based on its products and services and has three reportable segments, as follows:

- The retail segment is engaged in selling pharmaceutical, healthcare, wellness, and personal care products directly to customers through the company's pharmacy network and online channels.
- The wholesale segment, which is engaged in wholesale distribution of pharmaceutical and healthcare products to hospitals, clinics, pharmacies, and other institutional customers.
- The logistics segment, which is engaged in pharmaceutical warehousing, inventory management, transportation, and supply chain services supporting both retail and distribution operations.
- The segment information for subsidiaries including Premier Medical Devices Manufacturing Company and Solutions Systems for Logistics Services Company has been presented within Logistics and Wholesale as described in note 1.

14 SEGMENT INFORMATION (continued)

The Board of Directors monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on net income and is measured consistently in the condensed consolidated interim financial statements.

16 FINANCIAL RISK MANAGEMENT

The Group has exposure to the following risks from its use of financial instruments:

- Market risk
- Credit risk
- Liquidity risk

There is no change in the financial risk management objectives and policies adopted by the entity in comparison with the Group's annual consolidated financial statements for the year ended 31 December 2025.

17 FAIR VALUE MEASUREMENT

As of 30 September 2026 and 31 December 2025, all of the Group's financial instruments have been carried at amortized cost and the Group does not hold any financial instruments measured at fair value except investment designated at FVOCI which has been classified in level 1 of fair value hierarchy. The carrying value of the other financial assets and liabilities in the consolidated statement of financial position approximates to their fair values.

The Group's investments in equity instruments designated at fair value through other comprehensive income ("FVOCI") are measured using quoted market prices in active markets and are therefore classified as Level 1 within the fair value hierarchy. The fair value of these investments is disclosed in Note 8. There were no transfers between Level 1, Level 2 and Level 3 of the fair value hierarchy during the period.

18 COMMITMENTS AND CONTINGENCIES
