Review report of the Independent Auditor
To the Shareholders of Takaful Emarat - Insurance (PSC)

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Takaful Emarat - Insurance (PSC) (the "Company") and its subsidiary (collectively "the Group") as at 30 September 2026 and interim condensed consolidated statement of profit or loss and interim condensed consolidated statement of comprehensive income for the three-month and nine-month periods then ended, and interim condensed consolidated statement of changes in equity and interim condensed consolidated statement of cash flows for the nine-month period then ended, and material accounting policy information and other related explanatory notes. Management is responsible for the preparation and fair presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34 "*Interim Financial Reporting*". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 "*Interim Financial Reporting*".

Emphasis of Matter

We draw attention to note 24 to the interim condensed consolidated financial information which states that the Group did not meet the Minimum Capital Requirement of AED 100 million, Solvency Capital Requirement of AED 93.6 million and Minimum Guarantee Fund of AED 96.3 million as at 30 September 2026, and that the Group's ability to comply with the solvency requirement depends on implementing an effective business plan submitted to the regulator. Our conclusion is not modified in respect of this matter.

Notes to the interim condensed consolidated financial information
For the period ended 30 September 2026

1 Legal status and activities

Takaful Emarat - Insurance (PSC) (the "Company") is a public joint stock company incorporated in the Emirate of Dubai, United Arab Emirates, and, together with its subsidiary, constitutes the "Group". The Company is subject to the provisions of UAE Federal Decree-Law No. (32) of 2021 (as amended) and UAE Federal Decree-Law No. (6) of 2025 concerning the regulation of Takaful insurance operations. The Company's ordinary shares are listed on the Dubai Financial Market ("DFM"), United Arab Emirates.

This interim condensed consolidated financial information has been prepared in accordance with the requirements of the applicable laws and regulations, including UAE Federal Decree Law No. 32 of 2021 (as amended).

In 2025, Federal Decree Law No. (6) of 2025 ("CBUAE Law") was issued, effective 16 September 2025, repealing Federal Decree Law No. (48) of 2023. Pursuant to Article 184 of CBUAE Law, the Group has a period of one year from the effective date to align its operations and governance framework with the requirements of the new legislation. Based on management's assessment, as at the reporting date, the Group has complied with the majority of the applicable requirements of the CBUAE Law. Certain requirements remained outstanding upon expiry of the prescribed transition period. Management is in the process of taking the necessary actions to address these outstanding requirements. The Group will continue to monitor any future regulations, guidance, rulebook updates, or implementation requirements issued by the CBUAE in connection with the Law.

The Group carries out takaful activities in Health, Life and Credit and Saving lines of business in accordance with the Islamic Sharia'a and within the provisions of the Articles of Association of the Group. The registered address of the Group is P.O. Box 57589, Dubai, United Arab Emirates.

This interim condensed consolidated financial information incorporates the financial statements of the Company and its subsidiary (collectively referred to as the "Group").

2 Application of new and revised international financial reporting standards ("IFRS")

The following relevant standards, interpretations and amendments to existing standards were issued by the IASB:

Standard number	Title	Effective date
IFRS 9 & IFRS 7	Amendments to IFRS 9 Financial Instruments and IFRS 7 Financial Instruments: Disclosures regarding the classification and measurement of financial instruments	1 January 2026

These amendments did not have any impact on this interim condensed consolidated financial information.

The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. IFRS 18 is expected to have a material impact on the presentation of, and disclosures in, the Group's consolidated financial statements upon adoption.

Standard number	Title	Effective date
IFRS 18	Presentation and Disclosure in Financial Statements	1 January 2027
IFRS 19	Subsidiaries without Public Accountability: Disclosures	1 January 2027
IFRS 20	Regulatory Assets and Regulatory Liabilities	1 January 2029

3 Basis of preparation

Statement of compliance

This interim condensed consolidated financial information has been prepared in accordance with IAS 34 'Interim Financial Reporting' and interpretations thereof issued by the IFRS Interpretations Committee and in compliance with the applicable requirements of the United Arab Emirates (UAE) Federal Decree Law No. (32) of 2021 (as amended) ("Companies Law"), relating to commercial companies and United Arab Emirates (UAE) Federal Decree Law No. (6) of 2025 concerning Financial Regulations for Takaful Insurance Companies issued by the Central Bank of the UAE ("CBUAE") and regulation of its operations.

Basis of measurement

The interim condensed consolidated financial information has been prepared on the historical cost basis except for the following which are measured at fair value:

i. Financial assets at fair value through profit or loss ("FVTPL");
ii. Financial assets at fair value through other comprehensive income ("FVTOCI"); and
iii. Investment properties.

The Group's interim condensed consolidated statement of financial position is not presented using a current/non-current classification. However, the following balances would generally be classified as current: Cash and cash equivalents, other receivables and other payables. The following balances would generally be classified as non-current: property and equipment, investment properties, investments at fair value through other comprehensive income, investments at fair value through profit or loss, statutory deposits, and provision for employees' end of service indemnity. The following balances are of mixed nature (including both current and non-current portions): investments at amortised cost, retakaful contract assets and liabilities, takaful contract assets and liabilities, bank balances and deferred tax liability.

Functional and presentation currency

The interim condensed consolidated financial information is presented in U.A.E. Dirhams ("AED") rounded to the nearest thousand, since that is the currency in which the majority of the Group's transactions are denominated.

Basis of consolidation

The interim condensed consolidated financial information comprises the financial information of the Group and its investee that is considered as a subsidiary as at 30 September 2026. A Subsidiary is an investee that the Group has control over. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.
The financial information of the subsidiary is included in the Group's interim condensed consolidated financial information from the date that control commences until the date that control ceases. The Group maintains control over the subsidiary as it has power over the investee, exposure or rights to its variable returns and the power to affect the investor's returns.
Profit or loss and each component of other comprehensive income are attributed to the owners of the Group and to the non-controlling interests. Total comprehensive income of subsidiary is attributed to the owners of the Group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transaction between members of the Group are eliminated in full consolidation.

4 Material accounting policy information

The accounting policies applied by the Group in the preparation of the interim condensed consolidated financial information are consistent with those applied by the Group in the annual consolidated financial statements for the year ended 31 December 2025.

5 Critical accounting estimates and judgements in applying accounting policies

The preparation of this interim condensed consolidated financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income, and expense. Actual results may differ from these estimates. In preparing this interim condensed consolidated financial information, the significant judgements made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as those that were applied in the audited consolidated financial statements as at and for the year ended 31 December 2025.

6 Investment properties

Investment properties include plot of land, rented out apartments, building and apartments that are still under construction. All investment properties are located in the U.A.E and are attributable to participants

The carrying amount of investment properties are the fair value of the properties as determined by two independent valuers having an appropriate recognised professional qualification and recent experience in the region. Investment properties are being valued and reviewed by the Board of Directors on a yearly basis. The most recent valuation for investment properties was performed as at 31 December 2025. However, management believes no material change in the fair value from the last valuation performed. Fair values were determined based on comparable method for rented out apartments and residual method of valuation for under construction properties.

* Land on which construction is in progress, together with related work in progress as at 30 September 2026 amounting to AED 94.6 million (31 December 2025: AED 94.23 million) are stated at its fair value.

** Work in progress primarily comprises the construction of residential buildings and all directly attributable costs. While construction was originally expected to be completed during 2026, the completion timeline has been revised to 2027 due to the impact of the prevailing geopolitical situation. Upon completion, the property will be reclassified from work in progress to completed investment properties in accordance with the Group's accounting policies.

16 Qard Hassan

	(Unaudited) 30 September 2026 AED'000	(Audited) 31 December 2025 AED'000
(i) Surplus / (Deficit) in participants' funds		
As at 1 January	**(6,550)**	(34,127)
Surplus for the period / year	**12,811**	27,577

(ii) Qard Hassan from shareholders'		
As at 1 January	**6,550**	34,127
Recovery of provision during the period / year	**(6,550)**	(27,577)
Closing balance	**-**	6,550

The deficit in the participants' fund is funded by a Qard Hassan (interest-free loan) from shareholders, against which a full provision is recognised in the shareholders' profit or loss. Surpluses subsequently generated by the participants' fund are applied first to recover the outstanding Qard Hassan, and the related provision is reversed in the shareholders' profit or loss only to the extent of the Qard Hassan outstanding. Any surplus in excess of the outstanding Qard Hassan is retained in the participants' fund.

During the nine-month period ended 30 September 2026, the participants' fund generated a surplus of AED 12.81 million. Of this, AED 6.55 million was applied to recover the Qard Hassan outstanding as at 1 January 2026 (six-month period ended 30 June 2026: AED 5.79 million; three-month period ended 30 September 2026: AED 0.76 million), and the corresponding provision was reversed in the shareholders' profit or loss. The Qard Hassan has therefore been fully recovered as at 30 September 2026. The remaining surplus of AED 6.26 million is retained in the participants' fund. Any distribution of surplus to participants is determined on the basis of the annual results and is subject to the approval of the Board of Directors and the Internal Shari'a Supervision Committee, and to the applicable regulations of the Central Bank of the UAE.

20 Contingent liabilities

On 30 September 2026, the Group had contingent liabilities in respect of medical claims and other matters arising in the ordinary course of business from which it is anticipated that no material liabilities will arise, amounting to AED 0.15 million (31 December 2025: AED 0.67 million).

Legal claims

The Group, in common with most insurers, is subject to litigation in the normal course of its business. The Group, based on independent legal advice, does not believe that the outcome of these court cases will have a material impact on the Group's income or financial condition.

Capital commitments

Capital commitments for under construction properties as at 30 September 2026 amounted to AED 2.94 million (31 December 2025: AED 2.9 million).

Other commitments

The Group has lease agreements which are payable as follows:

21 Financial instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. As such, differences can arise between book values and the fair value estimates.

Underlying the definition of fair value is the presumption that the Group is a going concern without any intention or requirement to materially curtail the scale of its operations or to undertake a transaction on adverse terms.

Fair value of financial instruments carried at amortised cost

Management considers that the carrying amounts of financial assets and financial liabilities recognised at amortised cost in the interim condensed consolidated statement of financial position approximate their fair values.

Valuation techniques and assumptions applied for the purposes of measuring fair value

The fair values of assets and liabilities are determined using similar valuation techniques and assumptions as used in the annual consolidated financial statements audited for the year ended 31 December 2025.

21 Financial instruments (continued)

Fair value measurements recognised in the interim condensed consolidated statement of financial position

The following table provides an analysis of assets and liabilities that are measured subsequent to initial recognition at fair value, grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and

Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The table below gives information about how the fair values of these financial assets are determined:

22 Segment information

For management purposes, the Group is organised into two business segments; Takaful and investment operations. The takaful operations comprise the takaful business undertaken by the Group on behalf of policyholders. Investment operations comprise investments and cash management for the Group's own account. No operating segments have been aggregated to form the above reportable operating segments.

Segment performance is evaluated based on profit or loss which in certain respects is measured differently from profit or loss in the interim condensed consolidated financial information.

22 Segment information (continued)

These segments are the basis on which the Group reports its primary segment information. Segmental information is presented below:

24 Capital risk management

Section 2 of the Financial Regulations for Takaful Insurance Companies (the "Regulations") issued by Central Bank of UAE identifies the required solvency margins to be held in addition to insurance liabilities. The solvency margins must be maintained at all times throughout the period.

The table below summarises the consolidated Minimum Capital Requirement (MCR), Minimum Guarantee Fund (MGF) and Solvency Capital Requirement (SCR) of the Group and the total capital held at the Group level to meet the required Solvency Margins in line with the requirements of the financial regulations issued for takaful companies in UAE.

The Group did not meet the Minimum Capital Requirement of AED 100 million, Solvency Capital Requirement of AED 93.6 million and Minimum Guarantee Fund of AED 96.3 million as at 30 September 2026. In compliance with the Central Bank of UAE regulations, the Group prepared a solvency plan and submitted it to the regulator in April 2026, for which the regulator issued a conditional no-objection in June 2026. A revised solvency plan was subsequently submitted in August 2026 which was also approved by Central Bank of UAE.

25 Corporate tax

On December 9, 2022, the United Arab Emirates (UAE) Ministry of Finance (MoF) released Federal Decree Law No 47 of 2022 on the Taxation of Corporations and Businesses, Corporate Tax Law (CT Law) to enact a new CT regime in the UAE.

The taxable income of the entities that are in scope for UAE CT purposes will be subject to the rate of 9% on taxable profits above AED 375,000.
