INDEPENDENT AUDITOR'S REPORT ON REVIEW OF THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

To the shareholders of
Eastern Province Cement Company
(A Saudi Joint Stock Company)

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Eastern Province Cement Company "A Saudi Joint Stock Company" ("the Company"), and its subsidiary (together "the Group") as of September 30, 2026, and the related interim condensed consolidated statements of profit or loss and other comprehensive income for the three-month and nine-month periods then ended, and the interim condensed consolidated statements of changes in equity and cash flows for the nine-month period then ended, and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34 – ("IAS 34") "Interim Financial Reporting" that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*", that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 that is endorsed in the Kingdom of Saudi Arabia.

1. ORGANIZATION AND MAIN ACTIVITIES

Eastern Province Cement Company ("the Company") or ("the Holding Company") is a Saudi joint stock company established pursuant to the Royal Decree No. M/11 dated 14 Rabi' Al-Awwal 1402 -H (corresponding to January 9, 1982) and Resolution of His Royal Highness the Minister of Commerce No. 939 dated Rabi' Al-Thani 3, 1403 H (corresponding to January 17, 1983), and registered in Dammam under the Commercial Registration No. 2050013400 dated Jumada Al-Awwal 22, 1403 H (corresponding to March 7, 1983) and unified No: 7000306196.

The Holding Company's head office is located in Dammam, Saudi Arabia.

The main activity of the Holding company is operating quarries, mining gypsum and anhydrite, and wholesale of cement and gypsum.

The Holding Company obtained by Royal Decree No. M/6 dated 17 Rabi Al Thani 1405 H (Corresponding to 9 January 1985 G) the mining franchise for exploitation of limestone and clay in Al-Khurasania area for a renewable period of thirty years. The Holding Company has completed the legal procedures to renew the Franchise license. Ministerial Decree No. Q/5334 dated Rajab 12, 1438 H has been issued to renew the Holding Company's rights in utilizing the limestone and clay for its factory located in Al-Tawy site near to Al-Khurasania in Al-Jubail Governorate for thirty Hijri years starting from Rabi Alawwal 18, 1436 H.

The Holding Company also obtained, pursuant to Ministerial Resolution No. 14/Q dated Safar 24, 1433 H (Corresponding to January 18, 2012), the mining franchise for the exploitation of limestone and clay in Al-Najabia valley at Al-Ahsa Governorate in the Eastern region valid till December 31, 2035. In addition, the Holding Company obtained, under Ministerial Resolution No. 211/1/1447 dated 8/1/1447, a small mine license to exploit gypsum and anhydrite ore from the gypsum ore complex site in Umm Huwaidh in Al-Ahsa Governorate, which belongs to the Eastern Province.

The Group's condensed interim consolidated financial statements as at 30 September 2026 include the condensed interim financial statements of the Parent Company and its branch, and its subsidiary and its branch:

Branch of the Holding Company

Branch Commercial Registration No	Date	Place of issue	Commercial Name of Branch
2055022383 (Unified No:7013234245)	Jumada Al-Thani 16, 1435H	Al-Jubail	Eastern Province Cement Company Factory

The main activities of the branch are quarry operation, gypsum and anhydrite mining, and wholesale cement and gypsum trading. The Holding Company has a branch commercial registration in Jubail for the Eastern Province Cement Company Factory No. 2055022383 dated Jumada Al-Thani 16, 1435-H (corresponding to April 16, 2014) and its activity is represented in the manufacture of ordinary cement (Portland), the manufacture of salt-resistant cement, and the manufacture of compact cement (clinker) under the National Industrial License No. 1300.

The subsidiary

The Board of Directors of the Eastern Province Cement Company decided in its meeting held on December 11, 2018, to start the procedures for converting the branch of Prainsia Saudi Arabia for Precast, registered in the Commercial Register under No. 2051035184 and unified No. 7011762981, into a limited liability company. The legal procedures for changing the legal structure of the branch were completed during the second quarter of 2023 with the same commercial register number.

Name of subsidiary	Date of CR	Commercial activity	Effective percentage of ownership
Prainsa Saudi Arabia for Precast Concrete	Ragab 21, 1428-H (August 3, 2007-G)	Production of Precast under industrial license #3031328 issued Rabi' Al-Awwal 3, 1437H	100%

The Board of Directors of Eastern Province Cement Company resolved on December 25, 2024, to increase the share capital of the subsidiary from ﷼55 million to ﷼145 million and to initiate the necessary legal procedures in this regard. On January 16, 2025, the Commercial Registration was amended, and the share capital became ﷼145 million in accordance with the Commercial Register.

1. ORGANIZATION AND MAIN ACTIVITIES (CONTINUED)

Branch of the subsidiary:

4042100240 (Unified No:7004567793)	Dhu al-Hijjah 2, 1439H	ASFAN	Factory of Prainsa Saudi Arabia for Precast Concrete

The main activities of the branch are the construction of precast buildings, concrete and steel buildings, light and heavy prefabricated buildings, infrastructure works and import of all building materials and precast.

* During 2024, the Holding Company transferred ownership of the commercial registration of the Eastern Province Cement Company plant in Asfan to its subsidiary.

2. BASIS OF PREPARATION

These interim condensed consolidated financial statements of the Group have been prepared in accordance with the requirements of International Accounting Standard (34) "Interim Financial Reporting" that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants, which should be read in conjunction with the Group's latest annual consolidated financial statements issued for the year ended December 31, 2025 ("Latest Annual Consolidated Financial Statements"). These interim condensed consolidated financial statements do not include all the information required for a complete set of consolidated financial statements.

3. MATERIAL ACCOUNTING POLICIES

The Group has applied the same accounting policies and methods of computation in these interim condensed consolidated financial statements as those applied in its latest annual consolidated financial statements, except for the amendments described below, which become effective for the first time in 2026. However, these amendments are not expected to have a material impact on the Group, as they are either not relevant to the Group's activities or require accounting treatments that are consistent with the Group's existing accounting policies, except for the revisions to the useful lives of property, plant and equipment (Note 4.1).

3.1 Standards and amendments issued, applied and effective in the current period

There are no new standards that are effective for the current reporting period. However, the following amendments to existing standards are effective for the current period and do not have a material impact on the Group's interim condensed consolidated financial statements.

Amendment of standard	Description	Effective for the year started on or after
IFRS 9, and IFRS 7	Amendments to the classification and measurement of financial instruments	January 01, 2026

3.2 The impact of accounting standards to be applied in future periods

There are a number of standards, amendments and interpretations issued by the International Accounting Standards Board that are effective for annual reporting periods beginning after December 31, 2026 (the date of the Group's next annual consolidated financial statements). The Group has elected not to early adopt these standards, amendments and interpretations. The Group does not expect them to have a material impact on its consolidated financial statements upon adoption, with the exception of International Financial Reporting Standard (IFRS) 18, Presentation and Disclosure in Financial Statements.

IFRS 18, Presentation and Disclosure in Financial Statements, will replace IAS 1, Presentation of Financial Statements, and is effective for annual reporting periods beginning on or after January 1, 2027. The Group has not early adopted the new accounting standard in preparing these interim condensed consolidated financial statements, although early adoption is permitted.

The Group is currently assessing the expected impact of the initial adoption of IFRS 18 on its consolidated financial statements.

4. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.2 The impact of accounting standards to be applied in future periods (Continued)

A. Structure of the Statement of profit or loss

IFRS 18 requires entities to classify all income and expenses into categories in the consolidated statement of profit or loss, namely: operating, investing, financing, income taxes and zakat, and discontinued operations. The classification of income and expenses is based on the entity's main business activities. The Group has concluded that it does not have a specified main business activity of investing in assets and/or providing financing to customers.

The adoption of IFRS 18 will not affect the Group's profit or loss or net assets. However, the Group will be required to present new specified subtotals, including "Profit or loss before financing and income taxes." In addition, the operating profit subtotal under IFRS 18 will differ from the operating profit subtotal currently presented by the Group. Based on the information currently available, the Group expects the following changes to the presentation of its consolidated statement of profit or loss:

- Under the Group's current accounting policies, interest income arising from the investment of surplus cash and interest expense are presented within finance income and finance costs, respectively, and included in the subtotal "Net finance costs." Under IFRS 18, income and expenses related to cash and cash equivalents are classified based on the nature of the entity's main business activities. As the Group's main business activities do not consist of investing in financial assets or providing financing to customers, interest income arising from the investment of surplus cash is expected to be classified within the investing category, while interest expense is expected to be classified within the financing category.

- Under the Group's current accounting policies, foreign exchange differences arising from foreign currency transactions are presented in the consolidated statement of profit or loss. Under IFRS 18, foreign exchange differences are classified within the same category as the income or expense related to the item giving rise to those differences. Accordingly, the Group has determined that foreign exchange differences relating to trade receivables and trade payables will be classified within the operating category, as they arise from operating transactions. The Group has no loans or financing liabilities denominated in foreign currencies and, accordingly, no foreign exchange differences are expected to be classified within the financing category.

B. Management-Defined Performance Measures

Management-defined performance measures (MPMs) are subtotals of income and expenses that are used in public communications outside the consolidated financial statements and reflect management's view of an aspect of the financial performance of the entity as a whole. The Group will be required to disclose specified information about its management-defined performance measures in a single note to the consolidated financial statements.

The Group is currently identifying the public communications that should be considered in determining its management-defined performance measures. These communications relate to the same reporting period covered by the financial statements. Accordingly, the management-defined performance measures to be disclosed by the Group upon adoption of IFRS 18 will be determined based on the Group's public communications relating to the interim reporting period for 2027.

C. Principles of aggregation and disaggregation

IFRS 18 introduces enhanced principles for aggregating and disaggregating information in the financial statements, including both the primary financial statements and the notes. It also provides guidance on the labelling and description of line items presented in the primary financial statements or disclosed in the notes.

The Group is currently assessing the aggregation and disaggregation of information based on shared and non-shared characteristics. Based on the assessment performed to date, the Group expects to present line items in the primary financial statements that provide useful structured summaries and to disclose additional material information in the notes.

The Group is also reviewing line items currently presented as "other" and expects to replace them with more specific and meaningful descriptions, where appropriate.

3. MATERIAL ACCOUNTING POLICIES (CONTINUED)

3.2 The impact of accounting standards to be applied in future periods (Continued)

D. Consequential amendments

IFRS 18 introduces consequential amendments to IAS 7 "Statement of Cash Flows", which require entities using the indirect method to use the newly required operating profit subtotal as the starting point for presenting cash flows from operating activities. The Group currently uses profit for the year/period as the starting point for reconciling to net cash generated from operating activities. As a result of the new starting point, certain reconciling items included in that reconciliation will change.

The consequential amendments also provide specific guidance on the classification of cash flows arising from interest and dividends. In accordance with these requirements, the Group will classify cash flows arising from interest paid as financing activities, rather than operating activities. Cash flows arising from interest received, dividends received, and dividends paid will continue to be classified as investing activities, investing activities, and financing activities, respectively.

* During the period, the Group reviewed and revised the estimated useful lives and the expected future economic benefits of the cement segment's machinery and equipment and heavy-duty trucks. The revision was based on a comprehensive assessment of the accounting practices and useful lives applied by comparable companies within the industry, which resulted in revising the estimated useful lives to be ranging from 10 years to 36 years (previously ranging from 15 to 20 years). In addition, a detailed technical assessment of the buildings, machinery, equipment and heavy trucks was performed on an asset-by-asset basis by the Group's Technical Department in collaboration with an independent technical expert.

The study and technical assessment concluded that the current remaining useful lives did not appropriately reflect the expected pattern of consumption of the future economic benefits embodied in these assets. Accordingly, the estimated useful lives were revised, and the change has been accounted for prospectively, effective from May 01, 2026, in accordance with the applicable IFRS Accounting Standards relating to changes in accounting estimates.

As a result of this change, depreciation expense for the period ended September 30, 2026, decreased by 7.6 million ﷼. The Group also expects a reduction in depreciation expense of approximately 12 million ﷼ for the year ending December 31, 2026, and approximately 18.2 million ﷼ for the year ending December 31, 2027, representing the full-year impact of the revised estimated useful lives.

Less: impairment of investment	**(178,342)**	(164,023)
Closing balance	**76,241**	93,112

During the period ending September 30, 2026, the Company updated the study previously prepared by an independent consulting firm for the year ending December 31, 2025, regarding the possibility of an impairment in the value of the investment in the Arab Yemen Cement Company due to a decrease in the profits of the associate company, by calculating the expected future discounted cash flows and comparing them to the book value of the investee company. As a result of this study, an additional impairment in the value of the investment was recognized during the period amounting to 14.3 million ﷼ (2025: 25.8 million ﷼). The Group used the discounted cash flow (DCF) method to determine the fair value as at September 30, 2026.

The movement in the provision for impairment of investment during the period / year is as follows:

	September 30, 2026 (Un-audited)	December 31, 2025 (Audited)

21. FAIR VALUE

For the purposes of financial reporting, the Group used the fair value hierarchy classified at levels 1, 2 and 3 based on the degree of observance of the inputs in the fair value measurement and the importance of these inputs in measuring the fair value in its entirety, as shown below:

- Level 1: Quoted market prices in an active market for similar assets or liabilities that the Group can value at the measurement date.
- Level 2: Inputs other than quoted prices in Level 1 that can be observed either directly (similar prices) or indirectly.
- Level 3: Inputs for assets and liabilities that are not based on observable market information cannot be observed either directly or indirectly from the market.

Investments in quoted equity instruments in the Saudi market are valued according to the market closing price on the date of the interim condensed consolidated financial statements and those instruments have been classified under Level 1.

Investments in unquoted investment funds in the Saudi market are valued according to closing price provided by fund manager on the date of the interim condensed consolidated financial statements and those instruments have been classified under Level 2.

Investments in unquoted equity instruments are evaluated based on approved valuation methods that depend on income approach and market approach, and those instruments are classified under level 3.

21. FAIR VALUE (CONTINUED)

	Book Value	Fair value		
		Level 1	Level 2	Level 3
As at September 30, 2026 (un-audited)				
Investments at fair value through other comprehensive income	**284,943**	**54,137**	**-**	**230,806**

Total	389,675	98,285	83,754	207,636

The valuation model used for the principal investment classified within Level 3 (Industrialization and Energy Services Company) is the Guideline Public Companies Method under the Market Approach using the Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) multiple. This method is based on information derived from comparable companies similar to the investee company and adjusted to reflect the effect of the lack of marketability of the investee company's securities.

The valuation technique applied relies significantly on observable market inputs. None of the investments classified within Level 2 were transferred to either Level 1 or Level 3 during the period ended September 30, 2026.

Fair value of financial instruments stated at amortized cost
Management believes that the book values of financial assets and liabilities stated at amortized cost in the interim condensed consolidated financial statements approximates their fair value.

22. GEOPOLITICAL DEVELOPMENTS

The Group continues to monitor regional geopolitical developments and their potential impact on the Kingdom of Saudi Arabia, given that the majority of the Group's operations take place within the Kingdom of Saudi Arabia. While the situation remains fluid, the Group maintains a robust operational framework to manage the associated risks.

These developments did not have a material impact on the Group's condensed consolidated interim financial statements for the nine-month period ended September 30, 2026. However, given the evolving nature of the situation, the Group is monitoring developments and assessing any potential future impact.

23. APPROVAL OF THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

These interim condensed consolidated financial statements were approved by the Group's Board of Directors on October 25, 2026.
