State of Kuwait

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Al Mazaya Holding Company K.S.C.P. (The Parent Company) and its subsidiaries (the Group) as of September 30, 2026, and the related interim condensed consolidated statements of profit or loss, profit or loss and other comprehensive income for the three-month and nine-month periods then ended and the related interim condensed consolidated statements of changes in equity and cash flows for the nine-month period then ended. Management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim financial information performed by the Independent Auditor of the Entity." A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34.

Report on other Legal and Regulatory Requirements

Based on our review the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016 and its Executive Regulations, as amended, or of the Parent Company's Memorandum of Incorporation and Articles of Association, as amended during the nine months period ended September 30, 2026 that might have had a material effect on the Group's financial position or results of its operations.

THE POWER OF BEING UNDERSTOOD
ASSURANCE | TAX | CONSULTING

Each member of the RSM network is an independent accounting and consulting firm which practices in its own right. The RSM network is not itself a separate legal entity in any jurisdiction.

Furthermore, during our review we have not become aware of any material violations of the provisions of Law 7 of 2010, as amended, relating to the Capital Markets Authority and its related regulations during the nine months for the period ended September 30, 2026 that might have had a material effect on the Group's financial position or results of its operations.

12. Legal cases

1) During the year ended December 31, 2020, two subsidiaries of the group had filed lawsuits before the courts of the Emirate of Dubai in the United Arab Emirates against some investors regarding the development of real estate projects in the Emirate of Dubai in the United Arab Emirates. During the year ended December 31, 2021, the Court of Cassation upheld the judgment issued by the Court of Appeal, which had previously upheld the judgment of the Court of First Instance issued in favor of the two subsidiaries of the group about their entitlement to a total amount of AED 19,780,852, in addition to the legal interest of 9% from the date of the judicial claim till full settlement, whereby the entitlement of those subsidiaries including the legal interest, fees and legal expenses amounting to AED 25,068,603 (equivalent to KD 2,097,239) according to the latest calculations for that entitlement by the court, and hence, the management of those subsidiaries had decided to reverse the provisions recorded in their books against their full entitled amount according to the Court's verdict including the legal interest up till December 31, 2021 which is reported as provisions no longer required in the consolidated statement of profit or loss for the year ended December 31, 2021. The subsidiaries of the group initiated legal execution procedures against those investors for the fulfilment of that verdict along with its legal interest, which resulted in the collection of almost the full amount due to the two subsidiaries till September 30, 2026. As a result of those lawsuits, the defendants of the previous legal case filed a counter-lawsuit against the Parent Company, the two subsidiaries and others demanding them to pay an amount of AED 261,026,454 (equivalent to KD 21,930,921) in addition to the legal interest of 5% from the date of the judicial claim till full settlement, in addition to demanding payment of AED 50,000,000 (equivalent to KD 4,200,900) as compensation for lost profits. A court verdict was issued by the Court of First Instance in favor of the defendants (Parent Company, the two subsidiaries, and others) to disregard this lawsuit because of the previous judgement in that lawsuit and obliging the plaintiffs to pay the deferred fees yet to be paid for that lawsuit. The plaintiffs had appealed before the Court of Appeal against the Court of First Instance's verdict. During the fiscal period ended September 30, 2026, the Court of Appeal issued its verdict and obliged the defendants (the Parent Company, the two subsidiaries), jointly, to pay an amount of AED 15,804,563 (equivalent to KD 1,322,210) to the plaintiffs, in addition to the delay interest of 5% from the date of the judicial claim till full settlement date, as well as obliging them jointly to pay an amount of AED 3,000,000 (equivalent to KD 250,980) to the plaintiffs as compensation for lost profits. This verdict was subsequently upheld during the fiscal period ended September 30, 2026 by the Court of Cassation against the two subsidiaries only, while partially revoking the appealed verdict with respect to obliging the Parent Company to jointly pay those adjudged amounts along with the related interest. The Group recognized a total amount of AED 21,489,173 (equivalent to KD 1,797,784) as provisions against that lawsuit, which comprises the total amount adjudged by the Court of Appeal and the compensation amount, in addition to the legal interest amounting to AED 2,684,611 (equivalent to KD 224,595) from the date of the judicial claim till the date of the accompanying interim condensed consolidated financial information.

2) A subsidiary to the Parent Company in the Emirate of Dubai had filed a lawsuit (as a precautionary measure in order to avoid the statute of limitation related to the date of filing that lawsuit) against several parties demanding them to bear the costs of rectifying the defects and repairing some buildings in the Emirate of Dubai that they had previously developed for the benefit of the subsidiary during the period from 2007 to 2015, due to their responsibility for the development work and supervising the developments of those buildings for the benefit of the subsidiary as some defects that require repairs, where the Company demands to oblige that some of the defendants with a total amount of AED 82,022,600 (equivalent to KD 6,891,375) in addition to the legal interest of 5% from the date of the judicial claim till full settlement date, in addition to demanding that some of the other defendants be obligated to an amount of AED 23,200,000 in solidarity with the first defendant parties (equivalent to the amount of KD 1,949,218) in addition to the legal interest of 5% from the date of the judicial claim till full settlement date, which represents the estimated budget of the repair costs for the subject buildings that resulted from development defects by the main contractor and subcontractors in addition to reserving the right to request compensation after assessing the damages and losses as well as obliging the defendants to pay the related fees, expenses, and attorney's fees. During the year ended December 31, 2024, the subsidiary amended its claim in that lawsuit by an additional claim amounting to AED 40,000,000 (equivalent to KD 3,360,720) as monetary and punitive compensation.

During the year ended December 31, 2025, The Court of First Instance issued a verdict which was subsequently upheld by the Court of Appeal in favor of the subsidiary and obliged one of the defendants to pay a total amount of AED 27,598,079 (equivalent to KD 2,318,735). This amount represents cost incurred for repair works up to August 30, 2024, together with related compensation and punitive damage, in addition to 5% legal interest from the date of final judgment until full settlement. The Court further ruled to reject the inclusion of certain other defendants as requested by the subsidiary. The subsidiary had appealed this verdict before the Court of Cassation to re-include those defendant parties in the lawsuit and to claim the full estimated amount required to complete the repair works and the related compensation. The Court of Cassation ruled to accept the subsidiary's appeal and returning the case to the Court of Appeal to revisit the subsidiary's objections.

During the fiscal period ended September 30, 2026, the Court of Appeal ruled in the subsidiary's favor by revoking the previous verdict and accepting to re-include some defendants whose inclusion in the case had previously been denied by the court. Additionally, the Court of Appeal ruled to oblige those defendants jointly to pay the adjudged amount of AED 27,598,079 (equivalent to KD 2,318,735) to the subsidiary in addition to the legal interest of 5% from the date of the judicial claim till full settlement date. The subsidiary, together with the defendants held liable by the Court, had appealed that verdict before the Court of Cassation, which ruled during the fiscal period ended September 30, 2026 to revoke the appealed verdict and return the case to the Court of First Instance to re-hear its merits. During the fiscal period ended September 30, 2026, the Court of First Instance ruled again to include some defendants whose inclusion in the case had previously been denied and to oblige those defendants jointly to pay an amount of AED 20,000,000 (equivalent to KD 1,673,200) to the subsidiary, in addition to the legal interest of 5% from the date that verdict becomes final till its full settlement. The subsidiary, together with the defendants held liable by the Court, had appealed that verdict before the Court of Appeal, where the lawsuit is still under hearing till date.

In the same regard, there are some lawsuits filed against that subsidiary by some units' owners in those buildings that are being repaired to claim the termination of their unit contracts and compensation for damages, the independent legal counsel of the subsidiary believes that the subsidiary has the recourse right against the developing parties of these buildings with all these damages and compensations once ruled for by the Court against the subsidiary, which is the subject of the aforementioned lawsuit filed by the subsidiary. During prior years, the subsidiary recorded a provision against those lawsuits amounting to AED 14,418,639 (equivalent to KD 1,206,263) against the expected effects of those lawsuits, where those provisions are considered sufficient to meet the expected impact of those lawsuits on the subsidiary's results of operations as at the date of the accompanying interim condensed consolidated financial information.

3) During the year ended December 31, 2024, a subsidiary to the Group in Sultanate of Oman had filed a Criminal Complaint against some of its employees because of fraudulent activities related to collection of sales and rental proceeds for some units. The Public Prosecutor in Sultanate of Oman had appointed an independent certified accounting expert to inspect that complaint filed by the subsidiary to determine the resultant magnitude of those damages in order to complete the related legal procedures. Based on that, and during the year ended December 31, 2025, the Public Prosecutor in Sultanate of Oman had referred the case to the concerned courts since the accused employees had embezzled monetary amounts of OMR 706,207 (equivalent to KD 566,051) from the subsidiary. The embezzled amounts as stated in the referral decision include an amount of OMR 372,578 (equivalent to KD 298,635) which was incurred by the subsidiary as provisions and actual costs in its financial statements during previous years, in addition to an amount of OMR 333,629 (equivalent to KD 267,416) that represents an opportunity cost for the subsidiary which will be booked in the subsidiary's financial statements when collected from the accused employees, and the lawsuit is still under hearing before the Court. Hence, there is no financial impact on that subsidiary as at the date of the accompanying interim condensed consolidated financial information. Subsequent to the date of the accompanying interim condensed consolidated financial information, and with respect to the criminal complaint filed by the subsidiary in the Sultanate of Oman, the Court of First Instance ruled by convicting the accused employees with regards to the misdemeanour of breach of trust and sentencing them to imprisonment for one year, and referred the civil claim related to the recovery of the amounts embezzled by the accused employees to the concerned court. The subsidiary is currently following up on the necessary procedures to complete the legal proceedings with respect to the criminal case and the referral of the civil claim to the concerned court.

14. Fair value measurement

The Group measures financial assets such as financial assets at fair value through profit or loss, financial assets at fair value through other comprehensive income, and non-financial assets such as investment properties at fair value at the end of the fiscal period.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole is as follows:

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The following table shows an analysis of captions recorded at fair value by level of the fair value hierarchy:

15. Capital Risk Management

The Group's objectives when managing capital resources are to safeguard the Group's ability to continue as a going concern in order to provide returns and benefits for shareholders and to maintain an optimal capital resources structure to reduce the cost of capital.

In order to maintain or adjust the capital resources structure, the Group may adjust the amount of cash dividends paid to shareholders, return paid up capital to shareholders, issue new shares, sell assets to reduce debt, repay facilities or obtain additional facilities.

Consistent with others in the industry, the Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total debt facilities less cash and cash equivalents, and term deposits. Total capital is calculated as 'equity' as shown in the consolidated statement of financial position plus net debt.

For the purpose of capital risk management, the total capital resources consist of the following components:

	September 30, 2026	December 31, 2025 (Audited)	September 30, 2025
Islamic bank facilities	**41,791,500**	42,213,470	43,214,390

Total capital resources	**107,761,707**	112,398,061	115,197,531

- During the period ended September 30, 2026, a military conflict erupted in the Middle East, resulting in significant geopolitical uncertainty across the region.

  This event may adversely affect the Group's operating environment. Potential impacts include, but are not limited to, disruptions in supply chains, increased energy costs, pressure on profit margins, and heightened refinancing and credit risks.

  Given that these events are recent and continue to escalate rapidly, management is currently unable to determine with a reasonable degree of certainty the actual extent or duration of this conflict, or to reliably measure its ultimate financial impact on the accompanying condensed consolidated interim financial information of the Group. Management continues to monitor market conditions and assess the potential impact, if any, in line with future developments.
