INDEPENDENT AUDITORS' REVIEW REPORT ON THE INTERIM CONDENSED FINANCIAL INFORMATION

TO THE SHAREHOLDERS OF AL SAGR COOPERATIVE INSURANCE COMPANY (A SAUDI JOINT STOCK COMPANY)

INTRODUCTION

We have reviewed the accompanying interim condensed statement of financial position of Al Sagr Cooperative Insurance Company (the "Company") as of September 30, 2026 and the related interim condensed statements of income and comprehensive income for the three-month and nine-month periods then ended and the interim condensed statements of changes in equity and cash flows for the nine-month period ended September 30, 2026 and other explanatory notes. Management is responsible for the preparation and presentation of this interim condensed financial information in accordance with International Accounting Standard 34 "Interim Financial Reporting" (IAS 34), that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

SCOPE OF REVIEW

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", that is endorsed in the Kingdom of Saudi Arabia. A review of interim condensed financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with IAS 34, as endorsed in the Kingdom of Saudi Arabia.

Regional branch	Riyadh	1010243765

(b) Going concern assessment

The Company has earned a net profit attributable to the shareholders of ﷼ 2.9 million during the nine-month period ended September 30, 2026 (net loss attributable to the shareholders of ﷼ 53.8 million during the nine-month period ended September 30, 2025). The Company's net operating cash outflow for the nine-month period then ended amounted to ﷼ 21.4 million (net cash outflow ﷼ 75.3 million for the nine-month period ended September 30, 2025). Further, as of September 30, 2026, the Company's accumulated losses have reduced to ﷼ 38.6 million

Management continues to focus on performance improvement measures which mainly include pricing revisions and diversification of insurance portfolio, among others and expects that this will further reflect positively in the operational results and cash flows. The Company's solvency margin continues to be in compliance with the minimum solvency requirements as mandated by the Insurance Authority.

Based on the above, management believes that the Company's operations shall continue for the foreseeable future under the normal course of business and the going concern basis used in the preparation of this financial information remains appropriate.

2. BASIS OF PREPARATION

(a) Statement of compliance

The interim condensed financial information of the Company has been prepared in accordance with 'International Accounting Standard 34 - Interim Financial Reporting (IAS 34) that is endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (SOCPA).

2. BASIS OF PREPARATION (Continued)

(a) Statement of compliance (Continued)

As required by the Saudi Arabian Insurance Regulations, the Company maintains separate books of accounts for insurance operations and shareholders' operations and presents the financial information accordingly. Assets, liabilities, revenues and expenses clearly attributable to either activity is recorded in the respective accounts. The basis of allocation of expenses from joint operations is determined and approved by management and the Board of Directors of the Company.

In accordance with the requirements of Implementing Regulation for Co-operative Insurance Companies (the "Regulations") issued by the Insurance Authority, formerly SAMA, and as per By-laws of the Company, shareholders of the Company are to receive 90% of the annual surplus from insurance operations and the policyholders are to receive the remaining 10%. Any deficit arising from insurance operations is transferred to the shareholders' operations in full.

Insurance Authority's implementing regulations requires the clear segregation of the assets, liabilities, income and expenses of the insurance operations and the shareholders' operations.

In preparing the Company's financial information in compliance with IAS 34, as endorsed in the Kingdom of Saudi Arabia, the balances and transactions of the insurance operations are amalgamated and combined with those of the shareholders' operations. Interoperation balances, transactions and unrealized gains or losses, if any, are eliminated in full during amalgamation. The accounting policies adopted for the insurance operations and shareholders' operations are uniform for like transactions and events in similar circumstances.

(b) Basis of measurement

The interim condensed financial information is prepared under the historical cost convention, except as explained in the relevant accounting policies in the annual financial statements for the year ended December 31, 2025.

(c) Basis of presentation

The interim condensed financial information does not include all of the information required for full annual financial statements and should be read in conjunction with the annual financial statements for the year ended December 31, 2025.

The Company's interim condensed statement of financial position is not presented using a current / non-current classification and is presented in order of liquidity. However, the following balances would generally be classified as current: cash and cash equivalents, financial assets at FVTPL, accrued income on statutory deposit, accrued and other liabilities, dividend payable and accrued income payable to Insurance Authority. The following balances would generally be classified as non-current: financial assets at FVOCI, property and equipment, right-of-use assets, goodwill, intangible assets, statutory deposit, and employee benefit obligations. The balances which are of mixed in nature i.e. include both current and non-current portions include term deposits, prepaid expenses and other assets, insurance contract assets/liabilities, reinsurance contract assets/liabilities, zakat payable and lease liabilities.

(d) Functional and presentation currency

This interim condensed financial information is expressed in Saudi Arabian Riyals ("﷼") which is the functional and presentation currency of the Company.

(e) Seasonality of operations

There are no seasonal changes that may affect insurance operations of the Company. The interim results may not represent a proportionate share of the annual results due to cyclical variability in premiums and uncertainty of claims occurrences.

2. BASIS OF PREPARATION (Continued)

(f) Changes in products and services

During the nine-month period ended September 30, 2026, there were no significant changes in products or services and their terms of the insurance contracts offered by the Company.

3. MATERIAL ACCOUNTING POLICIES

3.1 New standards and amendment to standards and interpretations

A number of new or amended standards became applicable for the current reporting period.

- Amendment to IFRS 9 'Financial Instruments' ("IFRS 9") and IFRS 7 'Financial Instruments: Disclosures' ("IFRS 7");
- Annual improvements to International Financial Reporting Standards – Volume 11;
- IFRS 9 and IFRS 7 – Contracts referencing nature-dependent electricity.

The Company did not have to change its accounting policies or make retrospective adjustments as a result of adopting these standards.

3.2 Standards and amendments issued but not yet effective

Certain new accounting standards, amendments to accounting standards and interpretations have been published that are not mandatory for January 1, 2026 reporting periods and have not been early adopted by the Company.

- IFRS 19 'Subsidiaries without Public Accountability: Disclosures';
- Amendment to IAS 21 "The Effects of Changes in Foreign Exchange Rates' – Translation to a Hyperinflationary Presentation Currency.

Management is in the process of assessing the impact of such new standards and amendments. These standards are expected to affect disclosure requirements only and is not expected to have a material impact on the Company's financial position, financial performance or cash flows.

- IFRS 18 'Presentation and Disclosure in Financial Statements'

IFRS 18 Presentation and Disclosures in Financial Statements will replace IAS 1 Presentation of Financial Statements and applies for annual reporting periods beginning on or after January 1, 2027. The Company has not early adopted the new accounting standard in preparing this interim condensed financial information; however early application is permitted.

The International Accounting Standards Board ("IASB") has issued IFRS 18 "Presentation and Disclosure in Financial Statements", which will replace IAS 1 Presentation of Financial Statements. IFRS 18 is effective for annual reporting periods beginning on or after January 1, 2027, with early adoption permitted. The standard introduces new requirements relating to the structure of the statement of profit or loss, including prescribed categories for income and expenses, new defined subtotals, enhanced principles for aggregation and disaggregation of information, and additional disclosure requirements relating to management-defined performance measures ("MPMs").

The Company has performed a preliminary assessment of the requirements of IFRS 18 and the potential implications for its financial reporting are as follows

3. MATERIAL ACCOUNTING POLICIES (Continued)

3.2 Standards and amendments issued but not yet effective (Continued)

- IFRS 18 'Presentation and Disclosure in Financial Statements' (Continued)

a) Structure of the Statement of Income

IFRS 18 requires income and expenses to be classified into one of the five categories i.e. operating, investing, financing, zakat and income tax, and discontinued operations. Classification is driven by an entity's main business activities. IFRS 18 also introduces two new required subtotals: "operating profit" and "profit before financing and income tax".

Neither total profit for the period nor total equity is expected to change as a result of adopting IFRS 18. However, the Company expects changes to the presentation and classification of certain income and expense items within the statement of income, including the introduction of IFRS-defined subtotals.

The Company has preliminarily determined that providing insurance services constitutes one of its main business activities, and that investing in financial assets to back its insurance contract liabilities and its capital base is integral to that activity which needs to be assessed in detail at a later stage at the time of implementation. The Company, currently on a preliminary basis expects the following items, which are currently presented as part of insurance and investment results in the statement of income, to be classified within the operating category:

- Insurance revenue and insurance service expenses arising from insurance contracts issued;
- Net income or expenses from reinsurance contracts held;
- Net investment income (including commission income from financial assets not measured at FVTPL,
- Net gains / (losses) on financial assets measured at FVTPL and dividend income);
- Insurance finance income or expense from insurance contracts; and
- Insurance finance income or expense from reinsurance contracts held.

Management is assessing the classification of other operating expenses and other income between operating, investing and financing categories, in line with the specific requirements applicable to insurers and expects changes to the current structure of the statement of income.

Based on the assessment performed to date, the Company expects that its currently presented subtotal "Net insurance and investment result" will not correspond directly to the "operating profit" subtotal required by IFRS 18, and that the statement of income will require restructuring to present the newly defined subtotals.

b) Management-defined performance measures

Management-defined performance measures (MPMs) are subtotals of income and expenses used in public communications outside the financial statements that communicate management's view to users' of an aspect of the financial performance of the entity as a whole. The Company will be required to disclose specific information about MPMs in a single note in the financial statements.

The Company is in the process of determining which public communications should be considered when identifying MPMs. MPMs relate to the same reporting period as the financial statements. Therefore, MPMs disclosed by the Company following adoption of IFRS 18 will be determined based on public communications issued by the Company relating to the 2027 interim reporting period.

3.2 Standards and amendments issued but not yet effective (Continued)

- IFRS 18 'Presentation and Disclosure in Financial Statements' (Continued)

c) Principles of aggregation and disaggregation

IFRS 18 provides enhanced principles on how to group information in the financial statements (i.e. the primary financial statements and the notes). It also introduces guidance on labelling and describing items presented in the primary financial statements or disclosed in the notes. The Company's existing disclosures already present insurance revenue, insurance service expenses, net expenses from reinsurance contracts, insurance contract liabilities and reinsurance contract assets / liabilities by product lines (Medical, Engineering, Property, Marine, Motor and General Accident).

The Company is currently evaluating whether additional disaggregation of material classes of income, expenses, assets and liabilities will be required and whether changes to existing presentation formats, systems, processes and internal reporting structures will be necessary to capture and present the required information.

The Company continues to assess the detailed impact of IFRS 18 on its financial statements, including the design of future presentation formats and disclosure requirements. At the reporting date, management has not completed its implementation assessment and accordingly has not yet quantified the full impact of adopting the standard.

d) Consequential amendments

IFRS 18 introduces consequential amendments to other IFRS Accounting Standards, including IAS 7 Statement of Cash Flows, IAS 33 Earnings per Share and IAS 34 Interim Financial Reporting.

3.3 Critical accounting judgments, estimates and assumptions

The preparation of these interim condensed financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses, and the accompanying disclosures, and the disclosure of contingent liabilities. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized prospectively. Actual results may differ from these estimates.

In preparing this interim condensed financial information, the significant judgments and assumptions made by management in applying the Company's accounting policies and the key sources of estimation uncertainty including the risk management policies were the same as those that applied and disclosed in the annual financial statements for the year ended December 31, 2025.

3.4 Impact of geopolitical situation

During the nine-month period ended September 30, 2026, geopolitical developments in the Middle East have led to increased security tensions and economic uncertainty in the region. Management has evaluated the potential impact of these developments on the credit risk profile of financial assets, including the measurement of expected credit losses, as well as the recoverability of insurance and reinsurance-related balances. In addition, management has considered the potential effects of geopolitical disruptions when determining key assumptions and best estimates used in measuring liabilities for incurred claims under insurance contract liabilities.

3. MATERIAL ACCOUNTING POLICIES (Continued)

3.4 Impact of geopolitical situation (Continued)

Management continues to closely monitor the evolving geopolitical conditions and their potential impact on the Company's operations, financial position and risk profile. As of the date of approval of this interim condensed financial information, the Company's operations have not experienced any significant disruptions and no material claims directly attributable to these developments have been reported. Based on the information currently available, management has concluded that no material adjustments are required to this interim condensed financial information. Management will continue to monitor developments and incorporate any necessary updates to assumptions and estimates in future reporting periods as further information becomes available.

4. INFORMATION RELATED TO PRODUCT LINES

Results of product lines do not include commission income from financial assets not measured at FVTPL, net gains on financial assets measured at FVTPL, other operating expenses, finance costs on lease liabilities. Accordingly, these are included in unallocated.

Product lines' assets do not include cash and cash equivalents, prepaid expenses and other assets, term deposits, property and equipment, financial assets at FVTPL, Financial assets at FVOCI, right-of-use assets, intangible assets, goodwill, statutory deposit, accrued income on statutory deposit. Accordingly, they are included in unallocated assets.

Product lines' liabilities do not include accrued and other liabilities, lease liabilities, employee benefit obligations, zakat payable, accrued income payable to Insurance Authority and dividends payable. Accordingly, they are included in unallocated liabilities.

The Company's information is presented into business units based on their products and services in the following product lines:

- Medical;
- Motor comprehensive;
- Motor third party;
- Engineering;
- Property;
- General accident;
- Marine cargo; and
- Marine hull.

Money market funds	**84,323,149**	81,051,002
	267,644,003	171,030,408

Cash at banks is placed with counterparties with sound credit ratings. As at September 30, 2026, deposits were placed with local banks with original maturities of less than three months from the date of placement and earned commission income at an average rate of 4.75% to 7.0% (2025: 5.1% to 7.0%). Money market funds earned commission at an average rate of 6.34% to 6.45% (2025: 7.9%) per annum, respectively.

Money market funds are managed by reputable financial institutions. These funds primarily invest in short-term highly liquid debt instruments with minimal credit risk.

The gross carrying amount of cash and cash equivalents represents the Company's maximum exposure to credit risk on these financial assets which are categorized under investment grade and Stage 1. Investment grade includes those financial assets having credit exposure equivalent to Standard and Poor's rating of AAA to BBB. The Company's exposures to credit risk are not collateralized. At September 30, 2026 and December 31, 2025, the ECL allowance on such financial assets was immaterial.

6. TERM DEPOSITS

Short-term deposits, amounting to ﷼ 30.4 million (2025: ﷼ 170.1 million), are placed with local banks and financial institutions with an original maturity of more than three months but less than or equal to twelve months from the date of placement. These deposits earned commission income at a rate of 4.90% to 6.10% per annum for the period ended September 30, 2026 (2025: 5.45% to 6.33%).

Long-term deposits, amounting to ﷼ 45.4 million (2025: ﷼ 45.4 million), are placed with local banks and financial institutions represent deposits with maturity of more than one year from the date of placement and are placed with banks carrying commission income at an average rate of 5.14% (2025: 5.14 to 5.41%).

The gross carrying amount of term deposits represents the Company's maximum exposure to credit risk on these financial assets which are categorized under investment grade and Stage 1. Investment grade includes those financial assets having credit exposure equivalent to Standard and Poor's rating of AAA to BBB. The Company's exposures to credit risk are not collateralized. At September 30, 2026 and December 31, 2025, the ECL allowance on such financial assets was immaterial.

8. GOODWILL

The Company commenced its insurance operations on January 1, 2009. The Company's General Assembly approved on February 1, 2009 for the Company to enter into an agreement whereby it acquired the entire business (net identifiable assets) of Al Sagr Saudi Insurance Company with effect from January 1, 2009 at a goodwill of ﷼ 39.0 million as set forth in IA's letter in this respect after completing the related procedures as required under IA's letter on November 10, 2008. The Company has later adjusted goodwill amount by reducing ﷼ 13.5 million in line with IA correspondence in this respect bringing it to ﷼ 25.5 million. The Company has paid ﷼ 9.9 million during 2011 and ﷼ 15.6 million in 2012 against goodwill to the shareholders of Al Sagr Saudi Insurance Company.

For the impairment testing, management has identified a single cash generating unit ("CGU") and determines the recoverable amount of the CGU based on value-in-use calculations. These calculations require the use of estimates in relation to the future cash flows, based on the most recent five years' business plan, and use of an appropriate discount rate. Cash flows beyond five-years' period are extrapolated using the terminal value growth rate stated below. This growth rate is consistent with the forecasts included in industry reports specific to the industry in which the CGU operates. Actual conditions may differ from assumptions and thus actual cash flows may be different to those expected with a potential material effect on the recoverability of amounts. The calculation of value in use was most sensitive to the assumptions of insurance revenue growth, insurance service expenses and discount rate, which are determined keeping in view the historical performance, recent market and industry trends and expected outcome of various performance improvement measures being implemented by management.

As at September 30, 2026, the Company's results are consistent with the projections used in the year-end goodwill impairment assessment. Accordingly, the year-end impairment assessment remains unchanged.

9. STATUTORY DEPOSIT

The statutory deposit represents 10% of the paid-up share capital, which is maintained in accordance with the Law on Supervision of Cooperative Insurance Companies in the Kingdom of Saudi Arabia. IA (formerly SAMA) is entitled to the earnings of this statutory deposit and it cannot be withdrawn without its consent. In accordance with the instruction received from IA vide their circular dated March 1, 2016, the Company has disclosed the commission due on the statutory deposit as at September 30, 2026 as an asset and a liability in this interim condensed financial information.

On August 4, 2026, the IA issued a circular approving an amendment to Article 58 of the Implementing Regulations, allowing insurance companies to retain returns earned on statutory deposits, subject to obtaining the IA's no-objection prior to investing such deposits. Accordingly, returns earned on statutory deposits up to August 3, 2026 are attributable to the IA, while returns earned thereafter are attributable to the Company which has been recognized in investment income.

The gross carrying amount of statutory deposit represents the Company's maximum exposure to credit risk on these financial assets which are categorized under investment grade and Stage 1. Investment grade includes those financial assets having credit exposure equivalent to Standard and Poor's rating of AAA to BBB. The Company's exposures to credit risk are not collateralized. At September 30, 2026 and December 31, 2025, the ECL allowance on such financial assets was immaterial.

20. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction takes place either:

- in the accessible principal market for the asset or liability, or
- in the absence of a principal market, in the most advantages accessible market for the asset or liability.

The fair values of on-balance sheet financial instruments that are not carried at fair value are no significantly different from their carrying amounts included in the interim condensed financial information.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments:

- Level 1 - quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 - valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The following table shows the carrying amounts and fair values of financial assets, including their levels in the fair value hierarchy for financial instruments measured at fair value. It does not include fair value information for financial assets and liabilities not measured at fair value if the carrying amount is a reasonable approximation to fair value, as these are either short-term in nature or carry commission rates which are based on prevalent market commission rates.

There were no changes in the valuation techniques. Fair values of private mutual funds classified in Level 3, except for Najm, are determined based on the investees' latest reported net assets values as at the date of statement of financial position taking into account the fair value of underlying investments by the fund.

Specific valuation techniques used by management's independent experts to value Najm investments (level 3), are as follows:

- **Discounted cashflows ("DCF") method:** The DCF valuation to discount the future operating cash flows of the Company to their present value using a weighted average cost of capital as the discount rate ("WACC"). The value derived from such an analysis results into a value for the enterprise (the "Enterprise Value"). This value includes the equity value of the company in addition to its net debt position. In order to arrive to an equity value of a company (the "Equity Value"), all outstanding financial debt and debt-like items, adjusted for excess cash and other liquid financial assets such as Murabahas and other investments, are subtracted from the Enterprise Value; and
- **Market multiples method:** The acquisition multiples of comparable private precedent transactions were assessed to indicate the value of the Company based on similar private transactions that have occurred during the previous period and covering full economic cycle. The Company has relied on local multiples valuation consisting of companies operating with a similar business model.

A weight of 60% and 40% are then applied to the fair values determined under both methods, to arrive at the equity valuation of Najm and the Company then accounts for its share in equity of Najm i.e. 3.45%.

Cash and cash equivalents, deposits, statutory deposit, accrued income on statutory deposits and the financial labilities except employee benefit obligations are measured at amortized cost.

There were no transfers between levels 2 and 3 for recurring fair value measurements during the period. Furthermore, there were no transfers into and out of level 3 measurements.

21. COMMITMENTS AND CONTINGENCIES

Legal proceedings

The Company operates in the insurance industry and is subject to legal proceedings in the normal course of business relating to policyholders' insurance claims. While it is not practicable to forecast or determine the final results of all pending or threatened legal proceedings, management does not believe that such proceedings (including litigations) will have material impact on the Company's results or financial position.

22. CAPITAL RISK MANAGEMENT

Objectives are set by the Company to maintain healthy capital ratios in order to support its business objectives and maximise shareholders' value.

The Company manages its capital requirements by assessing shortfalls between reported and required capital levels on a regular basis. Adjustments to current capital levels are made in light of changes in market conditions and risk characteristics of the Company's activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue shares.

As per Article 66 of the Regulations, the Company shall maintain a solvency margin equivalent to the highest of the following three methods:

- Minimum capital requirement;
- Premium solvency margin; or
- Claims solvency margin.

As of September 30, 2026, the Company is in compliance with the minimum solvency margin as required by the Implementing Regulations of the Cooperative Insurance Companies Control Law.

23. GROSS WRITTEN PREMIUM

Details relating to gross written premium within insurance revenue are disclosed below to comply with the requirements of Insurance Authority and are not calculated as per the requirements of IFRS 17.

25. OPERATING SEGMENTS

A segment is a distinguishable component of the Company that is engaged in providing products or services (a business segment), which is subject to risk and rewards that are different from those of other segments. Segment performance is evaluated based on profit or loss which, in certain respects, is measured differently from profit or loss in the financial statements.

The Board of Directors of the Company monitors the results of the Company's operations and have been identified as the Chief Operating Decision Maker (CODM). The net results of the Company are reported to the Board of Directors for the Company as a whole. Furthermore, the Company operates in one geographical area i.e. Kingdom of Saudi Arabia.

Accordingly, segmental analysis of the interim condensed statements of income and other comprehensive income and interim condensed statement of financial position is not carried out as the CODM considers the Company to be a single operating segment based on the nature of its operations and products. However, the Company has disclosed its insurance related balances/results by product lines, which are determined based on the disaggregation principles of IFRS 17. These include insurance contract liabilities/assets, reinsurance contract assets/liabilities, insurance service results and insurance finance income/expenses. Refer note 4 for such analysis.

26. SUBSEQUENT EVENTS

No events have arisen subsequent to September 30, 2026 and before the date of approval of this interim condensed financial information, that could have a significant effect on the interim condensed financial information as at and for the period ended September 30, 2026.

27. APPROVAL OF THE INTERIM CONDENSED FINANCIAL INFORMATION

The interim condensed financial information has been approved by the Board of Directors on Jumada Al-Awwal 18, 1448H, corresponding to October 29, 2026.
